Journeys James F. Baumann, Houghton Mifflin Harcourt Publishing Company, 2014 *Journey to the Blue Planet - Book I* Charlene Haupt, 2024-07-16 Rodane Arcos is a renowned archaeologist who is about to have the knowledge of a world he's always known and explored upended. Most people are unaware that we have had a presence of an alien population going back 250,000 years. They have peacefully embedded themselves in our world, raised their families, and joined with us in every way. Their families, with their advanced technology and their influence, are a part of every culture in most established populations. Uncovering this would threaten the very foundation of our facts of human evolution and all existing cultures. Even historians, scientists, and archaeologists cannot agree on a rational explanation for numerous mysteries that still astound us. They have continued questioning many of those finds for centuries. Rodane's new education now repudiates some of the major findings he has always thought of as humanity's great advances. Earth is at a nexus between what man and our world really are and what most people believe they are. The results revealed can be catastrophic or healing and beneficial to all. Time is now their enemy in some respects because with time comes new revelations, new discoveries, new questions that could point a finger at all the anomalies of which historians and archaeologists are aware but seek reliable answers. Those mysteries continue, and those finds are becoming more and more suspect. To make matters worse, there are those who are renegades from some unsuccessful landings and have been trying for centuries to undo and collect what the others have used to help our world and all its people to move forward. There are factions trying to collapse this mixed population, expose it, and use any means to do so even to the detriment of the entire planet and all living things here. He and his family, as well as many others, are now in danger as long as they cannot find the ones responsible for attempts to undo all the good and bring disasters to the entire earth. The danger rises to the highest ranks of government everywhere and all living standards in every culture. It could all fall apart in an instant. Or it could bring out the best in all mankind. **Resources in Education**

, 2001-04 **Genesis: Your Journey Home, 2Nd Edition** Terry L. Newbegin, 2011-04-21 Genesis Your Journey Home is a groundbreaking book that goes far beyond the usual levels of biblical interpretations and the ideas taught by religion that are difficult to understand. It bypasses word definition, root studies, historical explanations, and the ideas taught by religion that are difficult to understand but are important. This book examines the first twenty-five chapters verse by verse, exploring and revealing the deeper metaphysical beyond the literal meaning of the text. Most people know that there are multiple levels of truth contained within the Bible, but until now, none have brought forth the ultimate Truth hidden within the mundane, semi-historical writings. Rather than creating new doctrines, this book gently peels back ALL levels of dogmatic views to reveal the true core essence of God, humanity, and the nature of reality. Deep within the ancient biblical text is found the true story, record of creation, the reason for our very existence, and the history of All That IS. This book is for those that are searching for authenticity, purpose, and a sense that truth lies somewhere beyond religious teachings but who are reluctant to discard the

inherent value of scripture This book brings comfort personal empowerment a new understanding of God and fosters a renewed sense of responsibility for life It is a book whose time has come at last as it brings humanity to a deeper understanding of God and a realization of their ultimate purpose
