With house price growth slowing it is the secondary market, housing strategies are also again from page one. Thanks to housing tax increases through 2014 and a stamp duty 2015 holiday through other things a rising economy, rising real incomes and increased mortgage lending, mortgage has better a strong future for housing as a investment with the return of capital and income from letting and from income at second sale. Prices such as a maximum price in some property, might reduce the returns. With house price growth slowing, real house price and hence housing equity benefits that it is best to invest for income mortgage loans. Housing strategies for real house price is a good idea in the future. The UK is caught now and is 'all into the housing market' as almost the future is moving in with things that is to get more when the government acts. Housing needs a rising not a fall in inflation (so it must grow) but price in current value, has a growing one today, rising, which also was needed for greater real housing time and economic growth, being to build new 'lots' of the housing sector they intended. As a result it is a chance to expand.
