Inside the Middle East Avi Melamed, 2016-03-29 Acclaimed Israeli intelligence analyst Avi Melamed has spent more than thirty years interpreting Middle East affairs His long awaited *Inside the Middle East* challenges widely accepted perceptions and provides a gripping and uniquely enlightening guide to make sense of the events unfolding in the region to answer how the Arab world got to this point what is currently happening what the ramifications will be how they will affect Israel and what actions must immediately be undertaken including how Western leaders need to respond Melamed considers all the major power players in the Middle East explains the underlying issues and creates a three dimensional picture an illustration that connects the dots and provides a fascinating roadmap He elucidates developments such as the Arab Spring the downfall of the Muslim Brotherhood the rise of ISIS the epic Sunni Shiite animosity the essence of the war in Syria the role of the Caliphate and Jihad and the looming nuclear arms race He also provides a rare opportunity to journey into the psyche of Arab society Look through the lens of its leaders and its most ruthless terrorists See what makes them tick and what they want Discover how they can be overtaken This unparalleled volume is a milestone in our understanding of the Middle East It is the untold story of the struggles that will shape the region and the world for decades to come and a groundbreaking guide that will shake you to the core force you to reevaluate your outlook and give you tips to navigate the future From author Avi Melamed The conflicts in the Middle East grow more confusing and dangerous every day In my encounters with thousands of people from across the world from global leaders to high school students I know there is deep and intense thirst for knowledge because today understanding the Middle East is not optional it s mandatory My new book *Inside the Middle East Making Sense of the Most Dangerous and Complicated Region on Earth* is based on my decades of advisory counterterrorism

education and intelligence positions as well as my intimate connections throughout the Arab world The book also provides the building blocks and database to understand the contemporary Middle East offers a unique insight into the Arab world and is a GPS to help you navigate the dramatically changing Middle East In the book I also offer an out of the box idea that could lead to a positive breakthrough in the Israeli Palestinian conflict Muslims of the Heartland Edward E Curtis IV,2022-02-15 The surprising history of Muslim life in the American Midwest in the early 20th century The American Midwest is often thought of as uniformly white and shaped exclusively by Christian values However this view of the region as an unvarying landscape fails to consider a significant community at its very heart Muslims of the Heartland uncovers the long history of Muslims in a part of the country where many readers would not expect to find them Edward E Curtis IV a descendant of Syrian Midwesterners vividly portrays the intrepid men and women who busted sod on the short grass prairies of the Dakotas peddled needles and lace on the streets of Cedar Rapids and worked in the railroad car factories of Michigan City This intimate portrait follows the stories of individuals such as farmer Mary Juma pacifist Kassem Rameden poet Aliya Hassen and bookmaker Kamel Osman from the early 1900s through World War I the Roaring 20s the Great Depression and World War II Its story driven approach places Syrian Americans at the center of key American institutions like the assembly line the family farm the dance hall and the public school showing how the first two generations of Midwestern Syrians created a life that was Arab Muslim and American all at the same time Muslims of the Heartland recreates what the Syrian Muslim Midwest looked sounded felt and smelled like from the allspice seasoned lamb and rice shared in mosque basements to the sound of the trains on the Rock Island Line rolling past the dry goods store It recovers a multicultural history of the American Midwest that cannot be ignored Choice Outstanding Academic Title 2023 Bounds of Blackness Christopher Tounsel,2024-06-15 Bounds of Blackness explores the history of Black America s intellectual and cultural engagement with the modern state of Sudan Ancient Sudan occupies a central place in the Black American imaginary as an exemplar of Black glory pride and civilization while contemporary Sudan often categorized as part of Arab Africa rather than Black Africa is often sidelined and overlooked In this pathbreaking book Christopher Tounsel unpacks the vacillating approaches of Black Americans to the Sudanese state and its multiethnic populace through periods defined by colonialism postcolonial civil wars genocide in Darfur and South Sudanese independence By exploring the work of African American intellectuals diplomats organizations and media outlets Tounsel shows how this transnational relationship reflects the robust yet capricious terms of racial consciousness in the African Diaspora **Imperfect Strangers** Salim Yaqub,2016-08-10 In Imperfect Strangers Salim Yaqub argues that the 1970s were a pivotal decade for U S Arab relations whether at the upper levels of diplomacy in street level interactions or in the realm of the imagination In those years Americans and Arabs came to know each other as never before With Western Europe s imperial legacy fading in the Middle East American commerce and investment spread throughout the Arab world The United States strengthened its strategic ties to some Arab states even as it drew closer to

Israel Maneuvering Moscow to the sidelines Washington placed itself at the center of Arab Israeli diplomacy Meanwhile the rise of international terrorism the Arab oil embargo and related increases in the price of oil and expanding immigration from the Middle East forced Americans to pay closer attention to the Arab world Yaqub combines insights from diplomatic political cultural and immigration history to chronicle the activities of a wide array of American and Arab actors political leaders diplomats warriors activists scholars businesspeople novelists and others He shows that growing interdependence raised hopes for a broad political accommodation between the two societies Yet a series of disruptions in the second half of the decade thwarted such prospects Arabs recoiled from a U S brokered peace process that fortified Israel s occupation of Arab land Americans grew increasingly resentful of Arab oil pressures attitudes dovetailing with broader anti Muslim sentiments aroused by the Iranian hostage crisis At the same time elements of the U S intelligentsia became more respectful of Arab perspectives as a newly assertive Arab American community emerged into political life These patterns left a contradictory legacy of estrangement and accommodation that continued in later decades and remains with us today

Woman's Identity and Rethinking the Hadith Nimat Hafez Barazangi, 2016-03-09 The Prophet Muhammad s reported traditions have evolved significantly to affect the social cultural and political lives of all Muslims Though centuries of scholarship were spent on the authentication and trustworthiness of the narrators there has been less study focused on the contents of these narratives known as Hadith or Sunnah and their corroboration by the Qur an This book is a first step in a comprehensive attempt to contrast Hadith with the Qur an in order to uncover some of the unjust practices by Muslims concerning women and gender issues Using specific examples the author helps the reader appreciate and understand the magnitude of the problem It is argued that the human rights and the human development of Muslim women will not progress in a meaningful and sustainable manner until the Hadith is re examined in a fresh new approach from within the Islamic framework shifting the discourse in understanding Islam from a dogmatic religious law to a religio moral rational worldview The author argues that such re examination requires the involvement of women in order to affirm their authority in exegetical and practical leadership within Muslim societies and she encourages Muslim women to stand up for their rights to effect change in understanding the role of sunnah in their own life
