regardless of reading skill without a basic understanding of syntax and grammar This book is the solution Irreverent topical and relevant and perhaps a bit subversive it outlines everything a student should know about English grammar Ever wonder if certain rules don't always apply Likewise do you ponder whether one mistake matters more than another This book will tell you ensuring that you test well and that when you do err it's a little error rather than a monumental gaffe So rise up young scholars and buy this book to show that you won't take it any more And to improve your skills for test taking and overall communication using language *Got Grammar?
