**Angels and Ministers of Grace Defend Us!** Gregory William Mank, 2022-06-07 Like a lovingly guided midnight tour this book covers the seductive shadows of the most fascinating horror films and melodramas from the 1930s and 1940s From the bloody censorship battles behind 1935 s Bride of Frankenstein to the sexual controversies of 1941 s Dr Jekyll and Mr Hyde and the gruesome Nazi atrocities of 1943 s Women in Bondage this

book delves into newly excavated research to tell the behind the scenes sagas of some of Hollywood's most frightening films. Peek behind the scenes, revel in on the set anecdotes and get a look at the script notes illuminating characters like *Werewolf of London*, *Richard III*, *Panther Woman* and *Rasputin*. Included are profiles of the performers and filmmakers who made the nightmares feel all too real in the darkened theaters of yesteryear and an examination of the factors that have kept these films popular so many decades later.

*The Delusions of Crowds* William J. Bernstein, 2021-02-23 This disturbing yet fascinating exploration of mass mania through the ages explains the biological and psychological roots of irrationality. Kirkus Reviews From time immemorial contagious narratives have spread through susceptible groups with enormous often disastrous consequences. Inspired by Charles Mackay's nineteenth century classic *Memoirs of Extraordinary Popular Delusions and the Madness of Crowds*, neurologist and author William Bernstein examines mass delusion through the lens of current scientific research. In *The Delusions of Crowds*, Bernstein tells the stories of dramatic religious and financial mania in western society over the last five hundred years from the Anabaptist Madness of the 1530s to the dangerous End Times beliefs that pervade today's polarized America and from the South Sea Bubble to the Enron scandal and dot com bubbles. Through Bernstein's supple prose the participants are as colorful as their desire to improve one's well being in this life or the next. Bernstein's chronicles reveal the huge cost and alarming implications of mass mania. He observes that if we can absorb the history and biology of this all too human phenomenon we can recognize it more readily in our own time and avoid its frequently dire impact.

**Retention, Persistence, and Writing Programs** Todd Ruecker, Dawn Shepherd, Heidi Estrem, Beth Brunk-Chavez, 2017-04-01 From scholars working in a variety of institutional and geographic contexts and with a wide range of student populations, *Retention Persistence and Writing Programs* offers perspectives on how writing programs can support or hinder students' transitions to college. The contributors present individual and program case studies, student surveys, a wealth of institutional retention data, and critical policy analysis. Rates of student retention in higher education are a widely acknowledged problem: although approximately 66 percent of high school graduates begin college, of those who attend public four-year institutions only about 80 percent return the following year, with 58 percent graduating within six years. At public two-year institutions only 60 percent of students return and fewer than a third graduate within three years. Less commonly known is the crucial effect of writing courses on these statistics. First-year writing is a course that virtually all students have to take; thus writing programs are well positioned to contribute to larger institutional conversations regarding retention and persistence and should offer themselves as much needed sites for advocacy research and curricular innovation. *Retention Persistence and Writing Programs* is a timely resource for writing program

Cooper,2016-08-02 An immersive gripping account of the rise and fall of Iran's glamorous Pahlavi dynasty written with the cooperation of the late Shah's widow Empress Farah Iranian revolutionaries and US officials from the Carter administration In this remarkably human portrait of one of the twentieth century's most complicated personalities Mohammad Reza Pahlavi Andrew Scott Cooper traces the Shah's life from childhood through his ascension to the throne in 1941 He draws the turbulence of the post war era during which the Shah survived assassination attempts and coup plots to build a modern pro Western state and launch Iran onto the world stage as one of the world's top five powers Readers get the story of the Shah's political career alongside the story of his courtship and marriage to Farah Diba who became a power in her own right the beloved family they created and an exclusive look at life inside the palace during the Iranian Revolution Cooper's investigative account ultimately delivers the fall of the Pahlavi dynasty through the eyes of those who were there leading Iranian revolutionaries President Jimmy Carter and White House officials US Ambassador William Sullivan and his staff in the American embassy in Tehran American families caught up in the drama even Empress Farah herself and the rest of the Iranian Imperial family Intimate and sweeping at once *The Fall of Heaven* recreates in stunning detail the dramatic and final days of one of the world's most legendary ruling families the unseating of which helped set the stage for the current state of the Middle East

**Literary Anecdotes of the Eighteenth Century** John Nichols,2014-08-28 This nine volume work published 1812-15 provides biographical notes on publishers writers and artists of the eighteenth century [The History of Oxford University Press: Volume IV](#) Keith Robbins,2017-05-19 The story of Oxford University Press spans five centuries of printing and publishing Beginning with the first presses set up in Oxford in the fifteenth century and the later establishment of a university printing house it leads through the publication of bibles scholarly works and the Oxford English Dictionary to a twentieth century expansion that created the largest university press in the world playing a part in research education and language learning in more than 50 countries With access to extensive archives the four volume History of OUP traces the impact of long term changes in printing technology and the business of publishing It also considers the effects of wider trends in education reading and scholarship in international trade and the spreading influence of the English language and in cultural and social history both in Oxford and through its presence around the world In the decades after 1970 Oxford University Press met new challenges but also a period of unprecedented growth In this concluding volume Keith Robbins and 21 expert contributors assess OUP's changing structure its academic mission and its business operations through years of economic turbulence and continuous technological change The Press repositioned itself after 1970 it brought its London Business to Oxford closed its Printing House and rapidly developed new publishing for English language teaching in regions far beyond its traditional markets Yet in an increasingly competitive worldwide industry OUP remained the department of a major British university sharing its commitment to excellence in scholarship and education The resulting opportunities and sometimes tensions are traced here through detailed consideration of OUP's business decisions the vast range of its

publications and the dynamic role of its overseas offices Concluding in 2004 with new forms of digital publishing The History of OUP sheds new light on the cultural educational and business life of the English speaking world in the late twentieth century

**Discrimination based on Colour, Ethnic Origin, Language, Religion and Belief in Turkey's Education System** Nurcan Kaya, 2015-10-27 The Turkish government is urged to make a fundamental shift in its approach to education by Minority Rights Group International MRG in a new report A long standing focus on state building has been supplemented by increasing emphasis on religious teaching Both feature strongly in the education system in Turkey making schools a focus of discrimination The report Discrimination based on Colour Ethnic Origin Language Religion and Belief in Turkey's Education System reveals evidence of discrimination of minority groups and suggests comprehensive reforms to effectively ensure equality The national education system which for decades aimed to create young Turkish nationalists has in recent years become a vehicle for raising young religious Turkish nationalists says Nurcan Kaya Turkey Coordinator of Minority Rights Group International Religious education is compulsory from grade four in primary schools While some information on world religions has been introduced the emphasis remains on teaching Sunni Muslim religious practices Children of Jewish and Christian families may apply to opt out but the process can be cumbersome and in many schools alternatives are not provided for them Non Muslim students who have opted out can still find themselves having to remain in the religious instruction class or alternatively having to wander in the school corridor making them vulnerable to taunts from pupils and even teachers The opt out possibility is still not available to children of other minorities Another issue is mother tongue education In 2012 a new elective on the living languages and dialects in Turkey was introduced but due to various limitations minorities remain marginalised others in the education system Subsequent to the 2012 reform the report monitors discrimination in the formal education system in the period of the academic year of 2014 2015 The findings are based on the field work of the Monitoring Discrimination in Education Network an alliance of 16 organizations working in Turkey The report compiles numerous cases of discrimination based on language religion ethnicity skin colour and the level of income In order to bring about a fundamental solution to these problems in the education system the government must prioritise developing an approach that sees all groups as equal and that responds to demands for rights based on such an understanding of equality says Kaya The report highlights that Turkey has no anti discrimination law or an equality commission to which victims of discrimination can apply The existing legislation contains no effective and accessible means of judicial remedies or compensation Therefore many discriminatory practices are not reported to school administrations The entire education system is based on Turkishness Non Turkish groups are either not referred to or referred in a negative way says Kaya Education system has played a significant role in deepening conflict in society The positive representation of other groups in the education system would contribute to social peace and harmony In order to resolve the many problems in the education system that the current approach causes the overall aim of government education policy should be cleared of

ideological references and the protection of children's best interests and the right to education in line with international standards should be considered its fundamental goal says the report      **The English Novel, Vol II** Richard. W. F. Kroll, 2014-07-21 The English Novel Volume II Smollett to Austen collects a series of previously published essays on the early eighteenth century novel in a single volume reflecting the proliferation of theoretical approaches since the 1970s The novel has been the object of some of the most exciting and important critical speculations and the eighteenth century novel has been at the centre of new approaches both to the novel and to the period between 1750 and 1800 Richard Kroll's introduction seeks to frame the contributions by reference to the most significant critical discussions These include the general importance of sentimentalism as a cultural movement after 1750 its relationship to the emergence of the Gothic novel as a specific genre or mode the rapid rise in the number of women novelists in the later eighteenth century the relationship between the novel as mediator of social relations and the idea of the public sphere the relationship between novelistic codes and the massive growth of a consumerist society the class conflicts of writers like Smollett the effect on the novel of the new British nation and the effects of the French Revolution and the subsequent political debates on writers like Wollstonecraft Godwin and Austen This collection will be of interest to students of the later enlightenment and also to all who are interested in late eighteenth century radicalism and the general relationship between literature history and politics
