English as a Lingua Franca in Wider Networking Paola Vettorel, 2014-08-27 In a constantly interconnected world communication takes place beyond territorial boundaries in networks where English works as a lingua franca The volume explores how ELF is employed in internationally oriented personal blogs findings show how bloggers deploy an array of resources to their expressive and interactional aims combining global and local communicative practices Implications of findings in ELF and ELT terms are also discussed

Reconceptualizing English Education in a Multilingual Society Isabel Pefianco Martin, 2018-03-01 This book brings together chapters that describe investigate and analyze the place of English in education in multilingual Philippines Unlike most studies on languages in education which take a neutral de contextualized stance this volume take a pluricentric view of the English language by positioning it in relation to its varieties as well as to other languages in the country Because of the changing realities of English in the Philippines traditional assumptions about the language as monolithic and unchanging as well as about how it should be taught and learned need to be revisited and re conceptualized

The Magic Key Ruth Enid Zambrana, Sylvia Hurtado, 2015-10-15 Mexican Americans comprise the largest subgroup of Latinas and their path to education can be a difficult one Yet just as this group is often marginalized so are their stories and relatively few studies have chronicled the educational trajectory of Mexican American men and women In this interdisciplinary collection editors Zambrana and Hurtado have brought together research studies that reveal new ways to understand how and why members of this subgroup have succeeded and how the facilitators of success in higher education have changed or remained the same The Magic Key's four sections explain the context of Mexican American higher education issues provide conceptual understandings explore contemporary college experiences and offer implications for educational policy and future practices Using historical and contemporary data as well as new conceptual apparatuses the authors in this collection create a comparative nuanced approach that brings Mexican Americans lived experiences into the dominant discourse of social science and education This diverse set of studies presents both quantitative and qualitative data by gender to examine trends of generations of Mexican American college students provides information on perceptions of welcoming university climates and proffers insights on emergent issues in the field of higher education for this population Professors and students across disciplines will find this volume indispensable for its insights on the Mexican American educational experience both past and present

Gaelic in Scotland McLeod Wilson McLeod, 2020-09-04 In this extensive study of the changing role of Gaelic in modern Scotland from the introduction of state education in 1872 up to the present day Wilson McLeod looks at the policies of government and the work of activists and campaigners who have sought to maintain and promote Gaelic In addition he scrutinises the competing ideologies that have driven the decline marginalisation and subsequent revitalisation of the language Taking an interdisciplinary approach at the boundary of history law language policy and sociolinguistics the book draws upon a wide range of sources in both English and Gaelic to consider in detail the

development of the language policy regime for Gaelic that was developed between 1975 and 1989 It examines the campaign for the Gaelic Language Scotland Act 2005 its contents and implementation and assesses the development and delivery of development and delivery of Gaelic education and media from the late 1980s to the present Language and Sustainable Development Lisa J. McEntee-Atalianis, Humphrey Tonkin, 2023-03-03 This book addresses the importance of language in matters of sustainability and incorporating such concerns in implementing the UN s Sustainable Development Goals SDGs Sustainable language policy must aim to include all groups including language minorities and marginalized populations such as refugees and aid recipients in conditions that allow for their inclusion in making and implementing policy The book brings together nine studies covering such topics as language and digital resources sustainable and inclusive multilingual education national language policy and language in peacekeeping operations A final chapter addresses the crucial intersection between sociolinguistics and economics and the implications of this for development and the SDGs **Administrative Law in**

Action Robert Thomas, 2022-02-10 This book investigates and analyses how administrative law works in practice through a detailed case study and evaluation of one of the UK s largest and most important administrative agencies the immigration department In doing so the book broadens the conversation of administrative law beyond the courts to include how administrative agencies themselves make apply and enforce the law Blending theoretical and empirical administrative legal analysis the book demonstrates why we need to pay closer attention to what government agencies actually do how they do it how they are organised and held to account Taking a contextual approach the book provides a detailed analysis of how the immigration department performs its core functions of making policy and law taking mass casework decisions and enforcing immigration law The book considers major recent episodes of immigration administration including the development of the hostile environment policy and the treatment of the Windrush generation By examining a diverse range of material the book presents a model of administrative law based upon the organisational competence and capacity of administration and its institutional design Alongside diagnosing the immigration department s failings the book advances positive proposals for its reform Integration, Identity and Language Maintenance in Young Immigrants Ludmila Isurin, Claudia Maria

Riehl, 2017-04-12 The volume presents a selection of contributions related to integration adaptation language attitudes and language change among young Russian speaking immigrants in Germany At the turn of the century Germany which defined itself as a mono ethnic and mono racial society has become a country integrating various immigrant groups Among those there are three different types of Russian immigrants Russian Germans Russian Jews and ethnic Russians all three often perceived as Russians by the host country The three groups have the same linguistic background but a different ethnicity known as nationality a separate entry in Russian official documents This defined the immigration paths and the subsequent integration into German society where each group strives to position itself in relation to two other groups in the same migrant space The book discusses the complexities of belonging and self other assignment to groups as well as the attitude to

language maintenance among young Russian speaking immigrants

Equity, Social Justice, and English Medium

Instruction Ram Ashish Giri, Amol Padwad, Mian Md. Naushaad Kabir, 2025-01-02 This book contributes to the existing body of knowledge on English Medium Instruction's EMI role in equity and social justice and adds to the ongoing conversation by providing the Asian perspective to it. It showcases scholarly works by scholars and researchers in the field and presents their diverse voices on EMI and social justice in a single volume. This book focuses on different aspects of the issue on EMI equity and social justice in different Asian contexts while providing a holistic picture of social justice in English language teaching in the region. It focuses on the current context specific EMI practices situating them in their historical pretext, employs prevalent theoretical as well as methodological models and approaches to study such practices, considers curricular and pedagogical considerations adapted to address the multitude of needs of EMI and examines controversies surrounding the conceptualization, plan, policy and implementation strategies of EMI.

Regulating Information Asymmetry in the

Residential Real Estate Market Devin Lin, 2017-07-06 This book conducts a detailed examination of the current form of the Hong Kong residential property regulatory system, the 2013 Residential Properties Firsthand Sales Ordinance Cap 621. The author sheds light on how the new legislation promotes a number of values including information symmetry, consumer protection, the free market, and business efficacy. It provides a detailed account of how the regulatory mechanism has evolved over the past three decades to catch unconscionable sales tactics such as selective information and/or misrepresentation of location, size, completion date, and past transactions, and monitor sales practices in order to protect the interests of stakeholders in this ever-changing first-hand residential property market. This book breaks down this complicated subject matter by focusing a number of chapters each on a specific attribute of the residential property on sale. It then examines the various channels through which the information is communicated to the prospective buyer and discusses misrepresentation of the key information in sales of residential properties as criminal liability. The tension between consumer's rights on one hand and the pursuit of free market principles on the other is but one example of the conflicting values thoroughly discussed in the book. Others include superstition vs. modernization and clarity vs. flexibility. Aimed at those with an interest in consumer protection and transparency-orientated legislation in commercialized real estate transactions, this book seeks to provide an in-depth discussion of the latest trends and directions of travel.

Left Out Kimberley Reynolds, 2016-07-22

Left Out presents an alternative and corrective history of writing for children in the first half of the twentieth century. Between 1910 and 1949 a number of British publishers, writers, and illustrators included children's literature in their efforts to make Britain a progressive, egalitarian, and modern society. Some came from privileged backgrounds, others from the poorest parts of the poorest cities in the land, some belonged to the metropolitan intelligentsia or bohemia, others were working-class autodidacts, but all sought to use writing for children and young people to create activists, visionaries, and leaders among the rising generation. Together they produced a significant number of both politically and aesthetically radical publications for children.

and young people This radical children s literature was designed to ignite and underpin the work of making a new Britain for a new kind of Briton While there are many dedicated studies of children s literature and childrens writers working in other periods the years 1910 1949 have previous received little critical attention In this study Kimberley Reynolds shows that the accepted characterisation of inter war children s literature as retreatist anti modernist and apolitical is too sweeping and that the relationship between children s literature and modernism left wing politics and progressive education has been neglected

Hans Harder, Nishat Zaidi, Torsten Tschacher, 2023-09-01 This book examines the validity of the notion of the vernacular and the position of the so called vernaculars in colonial and postcolonial settings It addresses recent formulations and debates regarding the status of regional languages of South Asia in relation to English The authors explore the range of meanings the term has assumed and trace a history of contestation since the colonial age They contend that though the vernacular in South Asia has since the nineteenth century often operated as a hegemonic category relegating the languages thus designated to an inferior status those languages and other cultural formations labelled as vernacular have also received empowering impulses and vested with qualities like groundedness and strength The book highlights the need for a critical discussion of the notion of the vernacular in the context of the ongoing rise of Anglophonia in South Asia as a whole and post liberalisation India in particular The volume will be of great interest to scholars and researchers of literary and culture studies history postcolonial studies and South Asian studies

Legal Integration and Language Diversity C.J.W. Baaij, 2018-02-01 How can the European Union create laws that are uniform in a multitude of languages Specifically how can it attain both legal integration and language diversity simultaneously without the latter compromising the former C J W Baaij argues that the answer lies in the domain of translation A uniform interpretation and application of EU law begins with the ways in which translators and jurist linguists of the EU legislative bodies translate the original legislative draft texts into the various language versions In the European Union law and language are inherently connected The EU pursues legal integration i e the incremental harmonization and unification of its Member States laws for the purpose of reducing national regulatory differences between Member States However in its commitment to the diversity of European languages its legislative institutions enact legislative instruments in 24 languages Language Diversity and Legal Integration assesses these seemingly incompatible policy objectives and contemporary translation practices in the EU legislative procedure and proposes an alternative source oriented approach that better serves EU policy objectives Contrary to the orthodox view in academic literature and to the current policies of the EU this book suggests that the English language version should serve as the original and only authentic legislative text Translation into the other language versions should furthermore avoid prioritizing clarity and

fluency over syntactic correspondence and employ neologisms for distinctly EU legal concepts Ultimately Baaij provides practical solutions to the conflict between the equality of all language versions and the need for uniform interpretation and application of EU law
