SUSAN MALLERY

A man and a woman are walking away from the camera in a field of tall, golden grass. The man is on the left, wearing a blue denim shirt and jeans, looking back over his shoulder at the woman. The woman is on the right, wearing a white t-shirt and a black and white checkered skirt, looking back at the man. They are holding hands. In the background, there are several large, round hay bales under a clear blue sky.

Frank,1998-08-20 Who was the Victorian patriarch and what kind of father was he In this richly documented study Stephen M Frank presents the first account of nineteenth century family life to focus on the role of fathers Drawing on letters diaries memoirs and other primary sources Frank explores what fathers thought about their family responsibilities and how men behaved as parents His findings are often surprising Beneath the stereotype of the starched Victorian patriarch he discovers fathers who were playful demanding uncertain of their authority and deeply anxious about their children's prospects in a rapidly changing society men with strikingly modern attitudes toward parenthood Focusing on Northern middle class families he also uncovers the social origins of the family man ideal and explores how this standard of middle class propriety found its way into practice *Life with Father* looks beyond the well known nineteenth century fascination with motherhood to discover a social order that valued a father's care no less than a mother's love as a basis for stable family relationships This compelling social history engages readers with the story of how families in the past struggled with economic and social changes that required fathers to reassess themselves as parents and as men It's Great Being a Dad Jay K. Payleitner,Brock Griffin,Carey Casey,2015 Three veteran dads offer their best practical advice so you can build awesome relationships with your kids In partnership with the National Center for Fathering they draw on their day in day out experience to help you creatively express care and affection in ways only a father can convey a positive perspective on life and the future teach counsel and guide in ways your children can receive and remember remind your kids and yourself that God is always there listening and participating be a dad through all the stages of your kids lives These time tested ideas will reignite your passion for being a dad You'll find the inspiration and know how you need to engage with daughters and sons in the best ways possible and make your home their favorite place to be Season of Violence Shintaro Ishihara,2004-12-15 Violent sensual and seemingly un Japanese the stories in *Season of Violence* nevertheless depict Japanese teenagers of the present in compulsive but often unconscious revolt against the moral codes of old Japan Yet these stories tell of youth who offer no real modern morality to replace the old only the anti morality of indiscriminate sex brutality and living for today's pleasures and sensations These are stories of teenagers who came to be known as Taiyozoku the Sun Tribe *Season of Violence* won for its young author Shintaro Ishihara

Japan's coveted Akutagawa Prize. Thus *Season of Violence* is a good deal more than fast moving forcefully written fiction it is vital social commentary on contemporary Japan which gives unexpected dimension to the traditional cardboard image of the Japanese student as somber diligent and obedient. Ishihara's stories of Japanese who were born in the ashes of war and defeat and raised in the fast moving world of the postwar boom are stark accounts of a period when the values of the past have been discarded for misguided materialism and pleasure seeking.

PROSPER Francis J. Suttill, 2014-11-03 In May 1940 Francis Suttill was commissioned into the East Surrey regiment of the British Army. He was later recruited by the SOE and after being trained during the summer of 1942 Suttill was chosen to create a new resistance network in northern France based in Paris with the operational name Physician. His code name was Prosper and his assumed identity was François Despres. The circuit of agents grew fast until June 1943 when the Gestapo discovered letters, instructions, crystal sets and addresses in a car and false ID papers in an apartment. Over the next three months more than eighty agents died or were killed mostly in concentration camps. Major Suttill DSO would be killed in Sachsenhausen in May 1945. Rumours of betrayal by MI6 even of the involvement of Winston Churchill have abounded ever since. For the first time Major Suttill's son tells the whole story of the tragedy basing his meticulous research on primary sources.

The King won battles for his Queen while always finding time for his own personal adventures. Named after her mother the Ra Ramala was the first born girl to the King and Queen of Ra. She along with her sibling were taught and trained by her mother in survival techniques as well as Ruling protocol. This was done to insure their survival in a time of tribal warfare when most everyone would do whatever it took to become the next Ruling clan. Little Ramala loved the way her mother ordered people around and wanted to do the same. Having to live with some of the most unruly sibling in the history of siblings Little Ramala used ruling protocol to help her deal with them. After getting positive results she quickly used ruling protocol on maids, servants and anyone else she could. Little Ramala was a daddy's girl and was spoiled by her father. Every little girl is a princess in her father's eyes. Living and growing up in a warring society where she witnessed treachery, deceit, murder and mayhem young Ramala quickly learned the ways of the world. Children's Lives Jyotsna Pattnaik,2012-12-30 This vital addition to Springer's Educating the Young Child series addresses gaps in the literature on father involvement in the lives of young children a topic with a fast rising profile in today's world of female breadwinners and single parent households While the significant body of theoretical understanding and empirical data accumulated in recent decades has done much to characterize the fluidity of evolving notions of fatherhood the impact of this understanding on policy and legal frameworks has been uneven at an international level In a field where groups of fathers were until recently marginalized in research this book adopts a refreshingly inclusive attitude aiming to motivate researchers to capture the nuanced practices of fathers in minority groups such as those who are homeless gay imprisoned raising a disabled child or from ethnically distinct backgrounds including Mexican and African American and indigenous fathers The volume includes chapters highlighting the unique challenges and possibilities of father involvement in their children's early years of development Contributing authors have integrated theories research policies and programs on father involvement so as to attract readers with diverse interest and expertise and material from selected countries in Asia Australia and Africa as well as North America evinces the international scope of their analysis Their often interdisciplinary analyses draw too on historical and cultural legacies even as they project a vision of the future in which fathers involvement in their young children's lives develops alongside the changing political economic and educational landscapes around the world *The Complete Idiot's Guide to Being a New Dad* Joe Kelly,2013-04-02 Ask any guy who is expecting his first child and he's likely to tell you the same thing he's absolutely thrilled to be a dad for the first time and he's also completely terrified Most new dads don't know the first thing about dealing with a new baby and while mommy might be interested in more complex topics that range from breastfeeding to colic most new daddies just want to know how not to screw it all up The Complete Idiot's Guide to Being a New Dad is written to be both highly usable and practical layered with a bit of encouraging wit in between First time dads will learn the daddy essentials for caring for a newborn from what to expect when baby first arrives and changing those first diapers without a disaster to the basics of feeding and burping and getting baby to sleep so mom and dad can sleep too and how to help mommy as she heals and deals with the enormous changes that she's experiencing both mentally and physically The Complete Idiot's Guide to Being a New Dad is the perfect guide for any new dad who needs to be armed with a little essential knowledge and a whole lot of encouragement
