Federal Tax Study Manual (2008) Edward C. Foth, 2007-03 CCH's Federal Tax Study Manual is designed to enhance learning and improve comprehension for students of federal tax. Clear and concise summaries along with hundreds of review questions and answers help students understand the complexities of today's tax laws. Designed as an extra aid for students using CCH's industry leading tax textbooks, the Study Manual highlights and reinforces the key tax concepts presented in CCH's Federal Tax Course, CCH's Federal Taxation Comprehensive Topics, and CCH's Federal Taxation Basic Principles. The CCH Federal Tax Study Manual provides students with an approach that combines self study with programmed learning. Throughout the Study Manual, main concepts are presented in a concise yet thorough fashion, allowing students to focus on and apply pertinent information. Chapter by chapter summaries and easy to read outlines highlight the in-depth textbook explanations. Objective questions and problems with solutions provided are structured to help students apply the concepts. U.S. Master Depreciation Guide (2008) CCH Tax Law Editors, 2007-12 CCH's U.S. Master Depreciation Guide offers tax and accounting professionals who work with businesses a one stop resource for guidance in understanding and applying the complex depreciation rules to their fixed assets. This area is especially challenging because bits and pieces of applicable information must be gathered from a maze of Revenue Procedures, IRS Tables, and IRS Regulations. These sources are frequently old and include some materials which may be non applicable. CCH's U.S. Master Depreciation Guide pulls the pieces together so practitioners can make sense of all the corresponding information and put the information into practice.

The Guide covers the complicated compensation tax topic in a comprehensive yet practical, straightforward fashion that readers value and appreciate. The U.S. Master Compensation Tax Guide fills a void left by other works on executive and employee compensation which primarily cover qualified plans and deferred compensation, by covering all of the common forms of compensation including salary, bonuses, fringe benefits, e.g., health and accident plans and cafeteria plans, qualified deferred compensation, e.g., pensions and profit sharing plans, and nonqualified deferred compensation, e.g., rabbi trusts and restricted stock plans.
