Resistance to Heteronormativity in Kimberly Peirce's "Boys Don't Cry" Kats A. Ridderskamp, 2024-07-16 Bachelor Thesis from the year 2023 in the subject American Studies Literature grade 1.00 University of Dusseldorf Heinrich Heine Institut für Anglistik und Amerikanistik Philosophische Fakultät language English abstract This thesis examines how Western ideals of masculinity are depicted by the characters in Kimberly Peirce's 1999 film Boys Don't Cry. Particular focus is given to the trans masculine protagonist Brandon Teena, a real-life victim of transphobic lethal violence. A diverse set of texts and authors including Halberstam and Judith Butler make up the theoretical basis to analysing how different types of masculinity such as female masculinity are created in the film's context. Furthermore, this thesis looks into how heteronormativity is affirmed and resisted in the film and how violence functions as a tool to uphold hegemonic masculinity and heteronormativity. **Gaga Feminism** J. Jack Halberstam, 2012-09-18 Using Lady Gaga as a symbol for a new kind of feminism, this provocative and pleasurable romp through contemporary gender politics is as fun as it is illuminating. Ariel Levy, New Yorker. Why are so many women single? So many men resisting marriage? And so many gays and lesbians having babies? Gaga Feminism answers these questions while attempting to make sense of the tectonic cultural shifts that have transformed gender and sexual politics in the last few decades. This colorful landscape is populated by symbols and phenomena as varied as pregnant men, late-life lesbians, SpongeBob SquarePants, and queer families. So how do we understand the dissonance between these real experiences and the heteronormative narratives that dominate popular media? We can embrace the chaos. With equal parts edge and wit, J. Jack Halberstam reveals how these symbolic ruptures open a critical space to embrace new ways of conceptualizing sex, love, and marriage. Using Lady Gaga as a symbol for a new era, Halberstam deftly unpacks what the pop superstar symbolizes to whom and why. The result is a provocative manifesto of creative mayhem, a roadmap to sex and gender for the twenty-first century that holds Lady Gaga as an exemplar of a new kind of feminism that privileges gender and sexual fluidity. Part handbook, part guidebook, and part sex manual, *Gaga Feminism* is the first book to take seriously the collapse of heterosexuality and find signposts in the wreckage to a new and different way of doing sex and gender. Gender Protest and Same-Sex Desire in Antebellum American Literature David Greven, 2016-04-22 Expanding our understanding of the possibilities and challenges inherent in the expression of same-sex desire before the Civil War, David Greven identifies a pattern of what he calls gender protest and sexual possibility recurring in antebellum works. He suggests that major authors such as Margaret Fuller, Edgar Allan Poe, Herman Melville, and Nathaniel Hawthorne consciously sought to represent same-sex desire in their writings. Focusing especially on conceptions of the melancholia of gender identification and shame, Greven argues that same-sex desire was inextricably enmeshed in scenes of gender role strain as exemplified in the extent to which The Narrative of Arthur Gordon Pym depicts masculine identity adrift and in disarray. Greven finds similarly compelling representations of gender protest in Fuller's exploration of the crisis of gendered identity in *Summer on the Lakes* and in Melville's representation of Redburn's experience of gender nonconformity and in Hawthorne's complicated delineation of desire in

The Scarlet Letter As Greven shows antebellum authors not only took up the taboo subjects of same sex desire and female sexuality but were adept in their use of a variety of rhetorical means for expressing the inexpressible **Female Masculinities and the Gender Wars** Finn Mackay, 2021-09-23 Thoughtful and often moving Gaby Hinsliff The Guardian Female Masculinities and the Gender Wars provides important theoretical background and context to the gender wars or TERF wars the fracture at the forefront of the LGBTQ international conversation Using queer and female masculinities as a lens Finn Mackay investigates the current generational shift that is refusing the previous assumed fixity of sex gender and sexual identity Transgender and trans rights movements are currently experiencing political backlash from within certain lesbian and lesbian feminist groups resulting in a situation in which these two minority communities are frequently pitted against one another or perceived as diametrically opposed Uniquely Finn Mackay approaches this debate through the context of female masculinity butch and transmasculine lesbian masculinities There has been increasing interest in the study of masculinity influenced by a popular discourse around so called toxic masculinity the rise of men s rights activism and theory and critical work on Trump s America and the MeToo movement An increasingly important topic in political science and sociological academia this book aims to break new ground in the discussion of the politics of gender and identity

Isabel Käser,2021-08-26 Amidst ongoing wars and insecurities female fighters politicians and activists of the Kurdish Freedom Movement are building a new political system that centres gender equality Since the Rojava Revolution the international focus has been especially on female fighters a gaze that has often been essentialising and objectifying brushing over a much more complex history of violence and resistance Going beyond Orientalist tropes of the female freedom fighter and the movement s own narrative of the free woman Isabel K ser looks at personal trajectories and everyday processes of becoming a militant in this movement Based on in depth ethnographic research in Turkey and Iraqi Kurdistan with women politicians martyr mothers and female fighters she looks at how norms around gender and sexuality have been rewritten and how new meanings and practices have been assigned to women in the quest for Kurdish self determination Her book complicates prevailing notions of gender and war and creates a more nuanced understanding of the everyday embodied epistemologies of violence conflict and resistance **Terrorism, Gender and Women** Alexandra Phelan,2020-12-17

Terrorism Gender and Women Towards an Integrated Research Agenda encourages greater integration of gender sensitive approaches to studies of violent extremism and terrorism This book seeks to create and inspire a dialogue among scholars of conflict terrorism and gender by suggesting the necessity of incorporating gender analysis to fill gaps within and further enhance our understanding of political violence The chapters featured in the book interrogate how recent developments in the field such as the proliferation of propaganda and online messaging the decline or shifting presence of ISIS the continued rise of far right extremism and the changing roles of women in political violence necessitate a gendered understanding of radicalisation participation and of strategies to counter and prevent both violent extremism and terrorism Taken together they encourage a discussion of new ways in understanding how women and men can be affected by terrorism and violent extremism differently and how involvement can often be influenced by highly gendered experiences and considerations The chapters in this book were originally published as a special issue of the journal Studies in Conflict Terrorism The

Gender-Play in the Hebrew Bible Amy Kalmanofsky, 2016-11-03 Though the Hebrew Bible often reflects and constructs a world that privileges men many of its narratives play extensively with the gender norms of the society in which they were written Drawing from feminist masculinity and queer studies *Gender Play in the Hebrew Bible* uses close literary analysis to argue that the writers of the Bible intentionally challenge gender norms in order to reveal the dangers of destabilizing societal and theological hierarchies that privilege men and masculinity This book presents a fascinating argument about the construction and import of gender in the biblical narratives and will be of great interest to academics in the fields of religion theology and Biblical studies as well as gender studies

Femininity and Psychoanalysis Agnieszka Piotrowska, Ben Tyrer, 2019-05-29 For Freud famously the feminine was a dark continent or a riddle without an answer This understanding concerns man's relationship to the question of woman but femininity is also a matter of sexuality and gender and therefore of identity and experience Drawing together leading academics including film and literary scholars clinicians and artists from diverse backgrounds *Femininity and Psychoanalysis Cinema Culture Theory* speaks to the continued relevance of psychoanalytic understanding in a social and political landscape where ideas of gender and sexuality are undergoing profound changes This transdisciplinary collection crosses boundaries between clinical and psychological discourse and arts and humanities fields to approach the topic of femininity from a variety of psychoanalytic perspectives From object relations to Lacan to queer theory the essays here revisit and rethink the debates over what the feminine might be The volume presents a major new work by leading feminist film scholar Elizabeth Cowie in which she presents a first intervention on the topic of film and the feminine for over 20 years as well as a key essay by the prominent artist and psychoanalyst Bracha Ettinger Written by an international selection of contributors this collection is an indispensable tool for film and literary scholars engaged with psychoanalysts and anybody interested in different approaches to the question of the feminine

Gender, Embodiment and Fluidity in Organization and Management Robert McMurray, Alison Pullen, 2019-11-12 This third volume in the Routledge Focus on Women Writers in Organization Studies series challenges us to think again about the implications of gender embodiment and fluidity for organizing and managing The themes of this book disrupt our understanding of dualisms between sex men and women gender masculinity and femininity and mind body and in so doing analyze the ways in which dominant power relations constitute heteronormativity throughout organizational history thereby reinforcing mainstream management research and

teaching By centring the work of women writers this book gives recognition to their thinking and praxis each writer making political inroads into changing the lived experiences of those who have suffered discrimination exclusion and marginalization as they consider the ways in which organizational knowledge has tended to privilege rather than problematize masculinity fixity control normativity violence and discrimination The themes and authors Acker de Beauvoir Halberstam Kosofsky Sedgwick Kristeva Yourcenar covered in this book are important precisely because they are not generally encountered in mainstream writing on management and organization studies They are significant to the study and analysis of organizations because they demonstrate how our understanding of managing and organizing can be transformed when other voices bodies genders write on what it is work live lead and relate to self and others All the writers turn to the ways in which individuals matter organizationally acknowledging that lived experiences are a source of political and ethical practice Each Woman Writer is introduced and analyzed by experts in organization studies Further reading and accessible resources are also identified for those interested in knowing more This book will be relevant to students researchers and practitioners with an interest in business and management organizational studies critical management studies gender studies and sociology Like all the books in this series it will also be of interest to anyone who wants to see think and act differently

Traversing the Fantasy Sandra Meiri, Odeya Kohen-Raz, 2020-02-06 *Traversing the Fantasy* The Dialectic of Desire Fantasy proposes a new and comprehensive model of spectatorship at the heart of which it draws an analogy between the ethics of Lacanian psychoanalysis and the ethics of narrative film It demonstrates how spectators engage with narrative film undergoing unconscious processes that generate a shift in the adherence to fantasies that impede assuming responsibility for one's fate and well being The authors discuss the affinities that the ontology and aesthetics of narrative film share with subjective unconscious processes offering new insights into the popular appeal of narrative film through three film corpora analyzed at length body character breach films dreaming character films and gender crossing films With a range of case studies from the old Rebecca Vertigo Some Like it Hot to the new Being John Malkovich A Fantastic Woman Sandra Meiri and Odeya Kohen-Raz build on psychoanalytic ideas about the cinema and take them in a completely new direction that promises to be the basis for further developments in the field
