Femmes et alpinisme Cécile Ottogalli-Mazzacavallo, 2006-04-01 A partir de publications officielles du Club Alpin Français d'archives diverses et de la presse sportive et féministe cet ouvrage questionne la spécificité de l'alpinisme féminin Les discours représentations et les pratiques sont analysés et permettent de montrer les effets du genre et de leur rapport de pouvoir sur l'évolution de l'alpinisme féminin Même si l'investissement des femmes est circonscrit elles revendiquent et conquièrent de nouveaux droits mais sans jamais remettre en cause les hiérarchies entre les sexes Écrire l'histoire des femmes et du genre Françoise Thébaud, 2007 Les femmes ont-elles une histoire et comment l'écrire Qu'est-ce qu'une histoire du genre et quels sont ses apports Bribes d'une thèse d'histoire culturelle chapées d'égohistoire manifeste de défiance et illustration d'un champ de recherche écrire l'histoire des femmes et du genre est d'abord le récit d'une aventure intellectuelle qui mobilise depuis plus de trois siècles un nombre croissant d'historiens et d'historiennes en France comme l'étranger partir d'exemples pris essentiellement en histoire contemporaine cet ouvrage tente de faire comprendre les origines culturelles et politiques d'une histoire des femmes avant d'en présenter les développements d'une histoire au féminin soucieuse d'émancipation et de remémoration une histoire du genre plus complexe et plus globalisante Ce faisant il pose des repères méthodologiques et propose une lecture critique de l'historiographie française afin de jeter les bases d'une mémoire disciplinaire d'alimenter un débat sur les modes d'approches et les axes de recherche de susciter une confrontation fructueuse avec les historiographies étrangères

Landscape and Identity in the Modern Basque Country, 1800 to 1936 Maitane Ostolaza, 2022-12-30 Landscape and Identity in the Modern Basque Country 1800 to 1936 studies the relationship between landscape and modern identities in the Basque Country Using an interdisciplinary approach that combines cultural history and geography it analyses the process of historical construction of the Basque landscape

highlighting its multiple political social and cultural meanings The book is divided into two parts the first examines the discourses images and representations of the Basque landscape the second examines landscape practices through tourism hiking and mountaineering Focusing on the Basque case but establishing numerous connections with comparable phenomena in Western Europe the book demonstrates that the landscape became a structuring element insofar as it helped shape individual identities while participating in the creation of social links This book examines the processes of identity construction from below by means of new interpretative tools such as the experience of landscape This work originally published in French brings to an English speaking audience a crucial issue in the modern history of the Basque Country namely the cultural construction of a collective identity within the framework of a nation state such as Spain confronted with multiple territorial identities Approaching this question from the perspective of landscape provides new keys to understanding the processes of nation building that occurred in Europe in the nineteenth and twentieth centuries
