Reshaping Philosophy: Michael Boylan's Narrative Fiction Wanda Teays,2022-05-25 This volume offers original essays exploring what fictive narrative philosophy might mean in the research and teaching of philosophy The first part of the book presents theoretical essays that examine Boylan s recent books Teaching Ethics with Three Philosophical Novels and Fictive Narrative Philosophy How Literature can Act as Philosophy The second and third part offer essays on how Boylan executes his theory in the practice within his novels from his two series De Anima and Arch The book clearly shows the unique aspects of the fictive narrative philosophy approach First it makes story telling accessible to wide audiences Second story telling techniques invoke devices that can set out complicated existential problems to the reader that offer an additional approach to thorny problems through the presentation of lived experience Third the discussion of these devices is a way to explore philosophical problems in a way that many can profit from The book concludes with an essay in which Boylan responds to the critical challenges set out in Part One and the practical criticism set out in Parts Two and Three Boylan addresses the key claims made by his objectors and defends his position He engages with the authors in the way his theory is matched against his actual novels This is useful reading for both philosophers and professors of literature teaching introductory as well as upper level courses in the fields of philosophy literature and criticism Catalog of Copyright Entries Library of Congress. Copyright Office,1971 Monthly Blue Book on Joint Stock Companies in India ,1959 **A Crown and a Cross** Andrew Goodhead,2010-04-09 This book critically reviews the origins development and decline of the Class Meeting Beginning with an overview of the religious and societal milieu from the sixteenth century and examining the heritage of John and Charles Wesley the inheritance John Wesley took from the past is studied The rise of the Anglican Unitary Societies is considered and Wesley s active work within those societies drawn out The arrival of the Moravians in London in 1738 to form a group for Germans resident in London influenced many of the Anglican society members not least the Wesley brothers These influences are also considered before the Methodist movement and particularly the Class Meeting are considered in detail This book is unique in its drawing together the manner of religious association experienced in the Evangelical Revival and aims to show how Methodism was a fusion of pre existing ideas formed into a new working model of religious association Paramount to the success of the early Methodist was the Class Meeting This book draws on testimony diary and journal

records to provide first hand accounts of people's lives being changed through attendance at the Class Meeting and its making possible growth in grace and holiness In the early period of Methodism the Class Meeting was the crown to Methodist identity An analysis of the primary aims of this meeting which gave the Methodist people their distinct characteristics is followed by a study of the social identity and group processes that occurred when prospective members considered joining the Methodists The decline of the Class Meeting to 1791 forms the concluding chapters and using three classic sociological models Weber routinisation Durkheim totemism and Troeltsch primary secondary religion as themes the reasons why the class became a cross are examined Journal diary and testimonial material support the Methodists declining interest in the class that led to its irrelevance for a people seeking respectability rather than an immediate encounter with God

The Oxford Handbook of English Prose, 1640-1714, 2024-10-23 The Oxford Handbook of English Prose 1640 1714 is the most wide ranging overview available of prose writing in English during one of the most tumultuous periods in British and Irish history Stretching from the outbreak of the English Civil Wars to the death of Queen Anne the last Stuart monarch the volume is unprecedented in the breadth of its coverage of an age in which prose moved from the margins of cultural life in Britain to its centre The volume also breaks new ground in the diversity of the prose writing it covers its thirty six chapters by an array of established literary critics and historians capture the excitingly multiple forms that prose took in what was a golden age for non fictional writing but which also saw the emergence of modes of prose fiction that became part of the origin story of the eighteenth century novel This Handbook

reflects that multiplicity and diversity in its structure Four longer introductory chapters map the changing contexts of the publication and reception of prose in the period as well as the influence of the classical heritage and the role of relations with continental Europe The subsequent thirty two chapters are organized by different categories of prose writing The contributors approach key authors and texts from various and often unconventional perspectives The volume offers coverage of well known writers and texts while also capturing the assortment of prose writing in a time of rapid political and social change there are chapters on for example Bites and Shams Circulation Narratives Keys Pornography Recipe Books True Accounts and even Handbooks Sun Yatsen, Robert Wilcox and Their Failed Revolutions, Honolulu and Canton 1895
