Hunter S Way:

The Hunter's Way Craig Raleigh, 2018-10-02 Craig Raleigh puts hunting into modern perspective combining higher sensibilities and his firsthand insight into the hunting world to gently illuminate a part of human nature that was and still is among the purest of human endeavors Jim Shockey award winning writer and host of Jim Shockey's Hunting Adventures and Uncharted A thoughtful appreciation of hunting and a celebration of the outdoors that illuminates the hunter's psyche role and influence on our culture As we began to set foot in the outdoors we didn't expect to learn something beyond where the deer were running or where the ducks were flying Once we realized what these creatures really wanted it was the opening of truth for us as hunters A long time hunter and fisherman and senior writer at Wide Open Spaces Craig Raleigh has spent most of the last forty five years of his life trying to find that elusive Holy Grail of hunting that unimagined outdoor reality where one's training instinct and experience converge into extraordinary bliss and accomplishment He is the first to admit that this does not entail the capture of a deer or an ever evasive pheasant It is the freedom to give back to the outdoors as much as one takes from it For hunters a life lived in the outdoors is massively rewarding and offers non stop pleasures It comes with the love of camaraderie choice and reward and provides a deep appreciation for the nature world The Hunter's Way is his meditative and philosophical journey into the soul of a hunter Divided into four parts that mirror the hunting experience the background the preparation the hunt and the harvest it addresses the paradox of hunting as conservationism ruminates on the failures and successes of hunting as sport and as a way of life and reveals how hunting influences our society As Raleigh explains the hunt is so much more than the kill Most often the hunter leaves the woods and fields empty handed Rather the beauty of hunting is in the experience itself As a hunter you are constantly looking for clues Yet in nature signs are changeable confusing and never the same the second time A captivating synthesis of On Trails Norwegian Wood and Shop Class as Soulcraft The Hunter's Way is a literary reflection and love letter to the value of hunting as both sport and way of life *Conversations with Hunter S. S. Thompson: The Last Interview Hunter S. Thompson, 2018-02-06 Hunter S Thompson was so outside the box a new word was invented just to define him Gonzo He was a journalist who mocked all the rules a hell bent fellow who loved to stomp on his own accelerator the writer every other writer tried to imitate In these brutally candid and very funny interviews that range across his fabled career Thompson reveals himself as mad for politics which he thought was both the source of the country's despair and just maybe the answer to it At a moment when politics is once again roiling America we need Thompson's guts and wild wisdom more than ever
