Globalization is often thought of as an abstract process that happens out there in the world But people are ultimately the driving force of global change and people have bodies that are absent from current conversations about globalization The original scholarly research and first person accounts of embodiment in this volume explore the role of bodies in the flows of people money commodities and ideas across borders From Zumba fitness classes to martial arts to fashion blogs and the meanings of tattooing the contributors examine migrating body practices and ideals that stretch across national boundaries

Motherhood Realized Power of Moms,2014-04-08 We believe that family life is beautiful and that motherhood is a privilege But we also believe it is often really hard to see all that beauty when we're in the midst of mothering So often we feel like we're spread too thin We feel like we don't match up Our hearts want to do more than our hands can manage And every day as we cycle through household duties discipline errands conversations teaching and hundreds of unexpecteds we're often left tired worried and in need of some extra inspiration and encouragement Power of Moms is an online community of deliberate mothers Since 2007 millions of mothers from all backgrounds who are striving to be the best they can be have gathered to our website to learn and grow together Time and again our posts receive comments that say something like I am going to print this out and put it on my nightstand so I can read it again and again We've been concerned about those nightstands getting all cluttered up with paper So we've selected dozens of our most popular posts and compiled them neatly into this book just for you This book isn't just a book It's a tangible representation of a living breathing community of mothers Motherhood is the hardest job we'll ever love and it's so much better when we're doing it together **How to Build Your Own Fitness Boot Camp** Jesse Stoddard,2015-06-01 My personal step by step blueprint for building a profitable bootcamp

from scratch in less than 90 days earning me over 300 an hour as a group fitness instructor Praise It is a pleasure to be on The Fitness Boot Camp Inner Circle Podcast with Jesse every week He brings a lot to the show and contributes even more to our Boot Camp Inner Circle coaching clients He truly is a master at building fitness businesses that help fitness professionals gym owners and trainers to find freedom Georgette Pann BS CPT CSN Author of Sure Victory Boot Camps How To Build Your Own Fitness Boot Camp is yet another example of Jesse s willingness to pay forward In a profession where being able to leverage your time to help many instead of few is critical to career success this book is the blue print to allowing other fitness professionals like myself the opportunity to achieve this Dave Schmitz PT CSCS PES Resistance Band Training *The Robots Are Coming!* Andres Oppenheimer,2019-04-30 Staying true to his trademark journalistic approach Andr s Oppenheimer takes his readers on yet another journey this time across the globe in a thought provoking search to understand what the future holds for today s jobs in the foreseeable age of automation The Robots Are Coming centers around the issue of jobs and their future in the context of rapid automation and the growth of online products and services As two of Oppenheimer s interviewees both experts in technology and economics from Oxford University indicate forty seven percent of existing jobs are at risk of becoming automated or rendered obsolete by other technological changes in the next twenty years Oppenheimer examines current changes in several fields including the food business legal work banking and medicine speaking with experts in the field and citing articles and literature on automation in various areas of the workforce He contrasts the perspectives of techno optimists with those of techno negativists and generally attempts to find a middle ground between an alarmist vision of the future and one that is too uncritical A self described cautious optimist Oppenheimer believes that technology will not create massive unemployment but rather will drastically change what work looks like
