the advent of the innovative winged spacecraft the door was finally opened to non pilots including women and minorities In
all 15 of those selected were categorised as Pilot Astronauts while the other 20 would train under the new designation of

once while others flew into orbit as many as five times Sadly four of their number would perish in the Challenger tragedy in
January 1986 In their latest collaborative effort the authors bring to life the amazing story behind the selection of the first
group of Space Shuttle astronauts examining their varied backgrounds and many accomplishments in a fresh and accessible
way through deep research and revealing interviews Throughout its remarkable 30 year history as the workhorse of NASA s
