*Agent Link* Raymond J. Batvinis, 2024-03-12 *Agent Link The Spy Erased from History* is a biography of William Wolfe Weisband who one colleague described as a charter member of America's top secret Cold War codebreaking pioneers. Every day for years he worked with cryptanalysts as they struggled to tease out secrets from a mind-numbing jumble of numbers. As breakthroughs emerged, codebreakers sought his help for insights and meanings before the startling revelations were passed to US policy makers. What no one knew, however, was that with every new breakthrough, Weisband was keeping his KGB masters informed about American progress. The Army Security Agency NSA's codebreaking predecessor had simply swept the scandal under the rug. Government leaders said nothing about the case in public and little in private, either. An NSA history recorded America's codebreaking hierarchy simply wanted the case to go away. Weisband was air-brushed out of history, and the new NSA organization wanted it kept that way. This one insider spy expert says did greater damage to America's national security than later traitors like Jack Dunlap, William Martin, and Bernon Mitchell, and Ronald Pelton, even more than Aldrich Ames and Robert Hanssen. Weisband's story has never been told. A half a century after his death, the mystery surrounding this man remains.

Alice Jardine brings Kristeva's work to a broader readership by connecting Kristeva's personal journey from her childhood in Communist Bulgaria to her adult life as an international public intellectual based in Paris with the history of her ideas. Informed by extensive interviews with Kristeva herself, this telling of a remarkable woman's life story also draws out the complexities of Kristeva's writing, emphasizing her call for an urgent revival of bold interdisciplinary thinking in order to understand and to act in today's world.
