Ingraham Russell Simply and enthusiastically Russell relates investments up and downs the charms of married life with his beloved wife and children the difficulties and benefits of working with partners problems with aggressive creditors and much more Husband father businessman and charming teller of his own tale Russell in this 1907 book has given us a rare intimate look at one man's ordinary life in the late 19th and early 20th century **The Greatest Thing Ever Known** Ralph Waldo Trine, 2006-10-01 Before New Age there was New Thought a philosophy that sought God through metaphysics and was wildly popular in the late 19th and early 20th centuries American mystic and bestselling author RALPH WALDO TRINE 1866 1958 was one of the most influential writers on New Thought principles and here in this 1898 work he explains why Life is the truest and most certain thing we will ever be aware of the vital difference between being alive and being Life how knowledge of Jesus and his teachings lead to a deeper appreciation of Life why living Life fully results in sustained peace and safety forever and more Easy to understand but profound in its wisdom this is one of Trine's most pious works and it will intrigue those seeking a deeper understanding of themselves and their relationship with the Divine *A Library of the World's Best Literature - Ancient and Modern - Vol. XLV (Forty-Five Volumes); Synopses of Famous Books & General Index* Charles Dudley Warner, 2009-01-01 It would be enough to recommend this astonishing 45 volume set first published in 1896 if it were merely a wonderfully massive compilation of the world's best writings from the world's best authors up until the advent of the 20th century But A Library of the World's Best Literature is so much more than that For this marvelous collection represents the evolution of human thought the evolution of human civilization even as seen through the mind of one of the most important if sadly almost forgotten literary figures of the 19th century Popular American essayist novelist and journalist CHARLES DUDLEY WARNER 1829 1900 was renowned for the warmth and intimacy of his writing which encompassed travelogue biography and autobiography fiction and more and influenced entire generations of his fellow writers Here the prolific writer turned editor for his final grand work a splendid survey of global literature classic and modern and it's not too much to suggest that if his friend and colleague Mark Twain who stole Warner's quip about how everybody complains about the weather but nobody does anything about it had assembled this set it would still be hailed today as one of the great achievements of the book world And so it still deserves to be Arranged not chronologically but alphabetically mostly under the names of authors but in some cases of literatures or special subjects such as Icelandic literature or Arthurian legend this set is no dry reference work These eminently browsable volumes available through Cosimo for the first time in decades in both paperback and hardcover editions are meant to be read and enjoyed by anyone who loves the written word Volume 45 features more synopses of notable works from Adam Bede by George Eliot to Zury The Meanest Man in Spring County by Joseph Kirkland including many not previously referenced in the set but highlighted as well worth a serious reader's time and attention This volume also includes a General Index to the 45 volume set Self Mastery Through Conscious Autosuggestion Emile Coue, 2007-03-01 Originally published in 1922 Self Mastery Through Conscious Autosuggestion caused a stir

throughout the scientific and religious communities mile Cou s assertions that the repetition of certain phrases or mantras can have a positive effect on the health and happiness of an individual challenged the existing reliance on chemicals and clergy However his theories which are laid out in straightforward detail in his work were solidly based on his firsthand experiences with patients including such stalwart methods as conditioning therapy and the placebo effect Often invited to lecture on the subject he finally was motivated to commit it to writing by his desire to help people help themselves French pharmacist and psychotherapist EMILE COUE 1857 1926 founded the Lorraine Society of Applied Psychology and was known across Europe and the U S for his theories on the power of autosuggestion which was dubbed the Cou Method and is still practiced today Secrets Revealed C.
