Tang,Loshinikarasi Logonnathan,2016-06-29 These conference proceedings focus on Assessment for Learning Within and Beyond the Classroom in recognition of the power of assessment for learning as a way of boosting student performance They explore the breadth depth and quality of the best models and practices strategies lessons learnt and discuss cases of successful implementation of assessment within the classroom and beyond including the virtual space They also provide fertile ground for stimulating and comparing responsive assessment approaches and practices in relatively new areas of assessment such as graduate capability assessment in view of the need for educational institutions to evidence graduate employability

**What They Didn't Teach You at Medical School** Alan V. Parbhoo,2007-05-23 During medical training there are certain tasks that are not taught at medical school nor in the common reference books There are some skills that medical students are expected to learn by osmosis These skills are never officially taught or examined in medical school but are however a fundamental part of being a safe good and efficient doctor This book includes golden rules or important points to remember and case examples both of which are given as displayed extracts This book will help the junior doctor unlock their potential and improve their performance cutting the time it takes to achieve certain medical objectives It is meant to fill in the gaps where the medical school and clinical guides stop It gives the reader the information needed to organise themselves so that they can hit the ground running It is not intended as a clinical survival guide but more a friendly hand to allow the reader to get ahead in medicine and how to keep on track and develop a career path

Advances in Medical Education A.J.J.A. Scherpbier,Cees P.M. van der Vleuten,J.J. Rethans,A.F.W. van der Steeg,2012-12-06 About 550 registrants from 51 different countries attended the Seventh Ottawa Conference on Medical Education and Assessment in Maastricht We received 525 abstracts for the conference divided in thematic poster sessions and platform presentations Organising the conference was an honour and we tried to meet the high standards of a friendly and relaxed atmosphere which has characterized previous Ottawa conferences During and after the conference about 250 papers were submitted for publication in the conference proceedings leaving us little time for a post conference depression Despite the large number of papers the editors have attempted to review and edit the papers as care fully as possible Occasionally however correspondence exceeded reasonable deadlines preventing careful editing of a small number of the papers Although we felt that our editorial task was not quite finished we nevertheless decided to include these papers We thank the many authors for their enthusiastic and prompt response to occasionally tedious editorial suggestions and requests We are sure that this collective effort has resulted in a book that will make an important contribution to the field of medical education The editors want to thank Jocelyn Flippo Berger whose expertise with desk top publishing and perseverance was a great help
