Queer TV in the 21st Century Kylo-Patrick R. Hart,2016-06-10 Television has historically been largely ineffective at representing queerness in its various forms In the 21st century however as same sex couples have seen increasing mainstream acceptance and a broader range of queer characters has appeared in the media it seems natural to assume TV portrayals of queerness have become more enlightened But have they This collection of fresh essays analyzes queerness as depicted on TV from 2000 to the present Examining Buffy the Vampire Slayer The Ellen DeGeneres Show The L Word Modern Family The New Normal Queer as Folk Queer Eye for the Straight Guy RuPaul's Drag Race Spartacus and Will Grace among other series the contributors demonstrate that queer characters in general have achieved visibility at the expense of minimizing much of their queerness with a few eye opening exceptions **Complex TV** Jason Mittell,2015-04-10 A comprehensive and sustained analysis of the development of storytelling for television Over the past two decades new technologies changing viewer practices and the proliferation of genres and channels has transformed American television One of the most notable impacts of these shifts is the emergence of highly complex and elaborate forms of serial narrative resulting in a robust period of formal experimentation and risky programming rarely seen in a medium that is typically viewed as formulaic and convention bound Complex TV offers a sustained analysis of the poetics of television narrative focusing on how storytelling has changed in recent years and how viewers make sense of these innovations Through close analyses of key programs including The Wire Lost Breaking Bad The Sopranos Veronica Mars Curb Your Enthusiasm and

Mad Men the book traces the emergence of this narrative mode focusing on issues such as viewer comprehension transmedia storytelling serial authorship character change and cultural evaluation Developing a television specific set of narrative theories Complex TV argues that television is the most vital and important storytelling medium of our time *Death in American Texts and Performances* Mark Pizzato,2016-05-13 How do twentieth and twenty first century artists bring forth the powerful reality of death when it exists in memory and lived experience as something that happens only to others *Death in American Texts and Performances* takes up this question to explore the modern and postmodern aesthetics of death Working between and across genres the contributors examine literary texts and performance media including Robert Lowell s For the Union Dead Luis Valdez Dark Root of a Scream Amiri Baraka s Dutchman Thornton Wilder s Our Town John Edgar Wideman s The Cattle Killing Toni Morrison s Sula and Song of Solomon Don DeLillo s White Noise and Falling Man and HBO s Six Feet Under As the contributors struggle to convey the artist s crisis of representation they often locate the dilemma in the gap between artifice and nature where loss is performed and where re membering is sometimes literally reenacted through the bodily gesture While artists confront the impossibility of total recovery or transformation so must the contributors explore the gulf between real corpses and their literary or performative reconstructions Ultimately the volume shows both artist and critic grappling with the dilemma of showing how the aesthetics of death as absence is made meaningful in and by language **Stealing the Show** Joy Press,2019-03-19 From a leading cultural journalist the definitive cultural history of female showrunners including exclusive interviews with such influential figures as Shonda Rhimes Amy Sherman Palladino Mindy Kaling Amy Schumer and many more An urgent and entertaining history of the transformative powers of women in TV Kirkus Reviews starred review In recent years women have radically transformed the television industry both behind and in front of the camera From Murphy Brown to 30 Rock and beyond these shows and the extraordinary women behind them have shaken up the entertainment landscape making it look as if equal opportunities abound But it took decades of determination in the face of outright exclusion to reach this new era In this sharp funny and gorgeously researched Emily Nussbaum The New Yorker book veteran journalist Joy Press tells the story of the maverick women who broke through the barricades and the iconic shows that redefined the television landscape starting with Diane English and Roseanne Barr and even incited controversy that reached as far as the White House Drawing on a wealth of original interviews with the key players like Amy Sherman Palladino Gilmore Girls Jenji Kohan Orange is the New Black and Jill Soloway Transparent who created storylines and characters that changed how women are seen and how they see themselves this is the exhilarating behind the scenes story of a cultural revolution **Television Program Master Index** Charles V. Dintrone,2014-02-11 This work indexes books dissertations and journal articles that mention television shows Memoirs autobiographies biographies and some popular works meant for fans are also indexed The major focus is on service to researchers in the history of television Listings are keyed to an annotated bibliography Appendices include a list of websites an index of groups or classes of people
