## **Erring A Postmodern A Theology:**

*Erring* Mark C. Taylor, 2013-11-22 *Erring* is a thoughtful often brilliant attempt to describe and enact what remains of and for theology in the wake of deconstruction Drawing on Hegel Nietzsche Derrida and others Mark Taylor extends and goes well beyond pioneering efforts The result is a major book comprehensive and well informed G Douglas Atkins Philosophy and Literature Many have felt the need for a study which would explicate in coherent and accessible fashion the principal tenets of deconstruction with particular attention to their theological implications This need the author has addressed in a most impressive manner The book's effect upon contemporary discussion is apt to be and deserves to be far reaching Walter Lowe Journal of Religion

**Postmodern Theology** Carl Raschke, 2017-07-12 *Postmodern Theology* consists in a sharp edged retrospective and reflection on the forty year history of the most important movement in contemporary religious thought that is only now passing from the scene The author Dr Carl Raschke is generally credited with having sparked the movement even if he did not always happen to be its leading spokesperson Not only has a comprehensive survey of postmodern theology in all its different phases and complexity not been published prior to the appearance of this book but it is even more remarkable for someone who both launched it and had a central role in shepherding it along to offer what may be termed a movement memoir *Postmodern Theology* surveys and summarizes the major figures and trends that have given currency to such familiar expressions as deconstruction deconstructive theology radical theology a theology God is dead and of course postmodernism itself Dr Raschke also contextualizes the emergence of these catchy phrases from a frothy soup of new intellectual theories and philosophical innovations which were international in scope but customized for both academic and popular religious writers mainly in Britain and America from the late 1960s onward

### **Varieties of Postmodern Theology**

David Ray Griffin, William A. Beardslee, Joe Holland, 1989-07-01 This book sorts out the confusion created by the use of the term postmodern in relation to widely divergent theological positions Four different types of postmodern theology are distinguished in the preface constructive deconstructive liberationist and conservative Two forms of each type are discussed in the book Writing from a constructive postmodern perspective the authors enter into dialogue with the deconstructive postmodernism of Mark C Taylor and Jean Fran ois Lyotard with the liberationist postmodernism of Harvey Cox and Cornel West and with the conservative postmodernism of George William Rutler and John Paul II

### *The Predicament of Postmodern Theology*

Gavin Hyman, 2001-01-01 Gavin Hyman explores in depth two antithetical schools of postmodern theology the radical orthodoxy of John Milbank and the nihilist textualism of Don Cupitt Hyman critiques Milbank s influential project from a postmodern perspective and then points out the major difficulties with Cupitt s approach Finally he explores the work of Mark C Taylor and Michael de Certeau to articulate a third way that leads beyond the responses of both Cupitt and Milbank

**The Cambridge Companion to Postmodern Theology** Kevin J. Vanhoozer, 2003-07-31 Postmodernity allows for no absolutes and no essence Yet theology is concerned with the absolute the essential How then does theology sit within postmodernity Is postmodern theology possible or is such a concept a contradiction in terms Should theology bother about postmodernism or just get on with its own thing Can it Theologians have responded in many different ways to the challenges posed by theories of postmodernity In this introductory 2003 guide to a complex area editor Kevin J Vanhoozer addresses the issue head on in a lively survey of what talk about God might mean in a postmodern age and vice versa The book then offers examples of different types of contemporary theology in relation to postmodernity while the second part examines the key Christian doctrines in postmodern perspective Leading theologians contribute to this clear and informative Companion which no

student of theology should be without Postmodern Theologies Terrence W. Tilley, John Christopher Edwards, Tami England, H. Frederick Felice, Stuart Kendall, 2005-06-30 An introduction and evaluation of contemporary approaches to theology *Postmodern Theologies* sets out to discern movements shaping the postmodern study of religion in a unique collaborative venture born of a postgraduate seminar at Florida State University While some might say that theology after the death of God is like biology after the end of life a discipline without a subject *Postmodern Theologies* identifies four general patterns of postmodernisms in theology today constructive theologies with Helmut Peukert David Ray Griffin and David Tracy cited as examples postmodernisms of dissolution Thomas J J Altizer Mark C Taylor and Edith Wyschogrod postliberal theologies George Lindbeck and communal praxis exemplified by Gustavo Gutierrez and other Latin American theologians and James Wm McClendon and Sharon Welch among North Americans These theologies eschew debates on traditional religious foundations to define true religion as the result of rather than the impetus to living one's beliefs As these disparate approaches to theology are not directly comparable the final chapter of *Postmodern Theologies* instead analyzes how each one accounts for the plurality of religions Exploring the postmodern strategies for coping with one of the most difficult questions in any theological age offers a fascinating way to assess their inherent strengths and weaknesses **The Cambridge Companion to Postmodernism** Steven Connor, 2004-07-15 *The Cambridge Companion to Postmodernism* offers a comprehensive introduction to postmodernism The Companion examines the different aspects of postmodernist thought and culture that have had a significant impact on contemporary cultural production and thinking Topics discussed by experts in the field include postmodernism's relation to modernity and its significance and relevance to literature film law philosophy architecture religion and modern cultural studies The volume also includes a useful guide to further reading and a chronology This is an essential aid for students and teachers from a range of disciplines interested in postmodernism in all its incarnations Accessible and comprehensive this Companion addresses the many issues surrounding this elusive enigmatic and often controversial topic Encyclopedia of Postmodernism Victor E. Taylor, Charles E. Winquist, 2003 Provides comprehensive and authoritative coverage of academic disciplines critical terms and central figures relating to the vast field of postmodern studies Publisher's description *In Quest of a Vital Protestant Center* George Demetrian, 2014-10-06 *In Quest of a Vital Protestant Center* probes the relationship between Scripture and culture in twentieth century US theology and biblical studies It points to the necessity of turning to what Karl Barth has referred to as the strange new world within the Bible for any revitalization of mainline Protestantism in the tradition of the Protestant Reformers in critical dialogue with serious evangelical theology The study includes a historical overview underlying what Demetrian refers to as the fundamentalist modernist great divide which continues to resonate powerfully in contemporary US Protestant thought and culture Demetrian offers an in depth exploration of four representative twentieth century Protestant theologians and biblical scholars spanning from the conservative evangelical theology of J I Packer to the postliberal dialectical theology of Walter

Brueggemann The book includes a chapter on the neo orthodox legacy as a mediating resource in bringing evangelical and postliberal theology into dialogue with the core issues of theology biblical hermeneutics and religious culture Demetrios concludes with a critically empathetic review of the postliberal dialectical theology of Douglas J Hall and the evangelical narrative theology of Richard Lints In linking evangelical postliberal and neo orthodox theology to a common search for a vital Protestant center this book will facilitate fruitful dialogue among divergent schools of Protestant thought and culture

*Faith and Knowledge* Douglas Sloan,1994-01-01 Sloan explores the impact that the Protestant theological renaissance 1925 1960 had on American colleges and universities focusing in particular on the church's most significant claim to have a continuing voice in higher education He traces the role of the national ecumenical and denominational organizations and studies the changing place of college chaplains *Kazantzakis and God* Daniel A. and inspiration in the work of Blake Wordsworth Shelley and Keats the relationship between Southey's and Coleridge's anti-Catholicism and definitions of religious faith in the Romantic period the stammering of Romantic attempts to figure the ineffable the emergence of a feminised Christianity and a gendered sublime the development of Calvinism and its role in contemporary religious controversies Its primary focus is the canonical Romantic poets with a particular emphasis on Byron whose work is most in need of critical re-evaluation given its engagement with the Christian and Islamic worlds and its critique of totalising religious and secular readings The collection is an original and much needed intervention in Romantic studies bringing together the contextual awareness of recent historicist scholarship with the newly awakened interest in matters of form and an appreciation of the challenges of postmodern theory

**From Critical Theology to a Critical Theory of Religious Insight** Marc Philippe Lalonde, 2007 Original Scholarly Monograph

**The Mystic Way in Postmodernity** Sue Yore, 2009 This book challenges experiential esoteric and colloquial understandings of mysticism by bringing a fresh relevance to the term through an interdisciplinary dialogue between literature mysticism and theology in the context of postmodernity In order to achieve this the author takes selected writings of Iris Murdoch Denise Levertov and Annie Dillard and incorporates them into various stages of a redesigned mystic way The fourteenth century mystic Julian of Norwich is invoked throughout as a role model whom these three writers seek to emulate as popular writers contemplatives and theologians As theologians who are concerned with the pressing issues of our age Grace Jantzen Dorothee Soelle and Sallie McFague are drawn on as conversation partners to complete the three way discussion The author maintains that understanding the writing and reading of creative texts in the context of practical mysticism facilitates an integrated approach to the use of literature for theological expression

Communion and Otherness John D. Zizioulas, 2010-07-15 Communion and otherness how can these be reconciled In this wide ranging study the distinguished Orthodox theologian Metropolitan John Zizioulas of Pergamon seeks to answer that question In his celebrated book *Being as Communion* 1985 he emphasised the importance of communion for life and for unity In this important companion volume he now explores the complementary fact that communion is the basis for true otherness and identity With a constant awareness of the deepest existential questions of today Metropolitan John probes the Christian tradition and highlights the existential concerns that already underlay the writings of the Greek fathers and the definitions of the early ecumenical councils In a vigorous and challenging way he defends the freedom to be other as an intrinsic characteristic of personhood fulfilled only in communion After a major opening chapter on the ontology of otherness written specially for this volume the theme is systematically developed with reference to the Trinity Christology anthropology and ecclesiology Another new chapter defends the idea that the Father is cause of the Trinity as taught by the Cappadocian fathers and replies to criticisms of this view The final chapter responds to the customary separation of ecclesiology from mysticism and strongly favours a mystical understanding of the body of Christ as a whole Other papers previously published but some not easily obtainable are all revised for their inclusion

here This is a further contribution to dialogue on some of the most vital issues for theology and the Church from one of the leading figures in modern ecumenism      **The Encyclopedia of Christianity** Erwin Fahlbusch, Geoffrey William Bromiley, 1999 Containing more than 300 articles covering the alphabetical entries P Sh this book also includes articles on significant topics ranging from Paul political theology and the Qur'an to religious liberty salvation history and scholasticism

*Persons in Relation* Najib George Awad, 2014-05-01 Tracing out the origins of the Trinitarian revival in the modern era particularly on account of the influence of Schleiermacher Tillich Barth Rahner and Pannenberg through to the destabilizing effects of postmodernity on Trinitarian discourse the author provides a critical hermeneutic for the evaluation and implementation of thoughtful Trinitarian theology in the contemporary world Within this frame the author argues for viewing the Trinity as the intellectual and conceptual context and interdisciplinary arena of interaction between theology and other forms of intellectual inquiries to generate a robust multifaceted and historically fluent doctrine of the Trinity
