Bradford,1997 As the twenty first century approaches and the threat of war between the superpowers declines our attention is drawn to conflicts between nations or ethnic groups with vastly different cultures The United States the last superpower is divided in its motives to maintain its giant Cold War military structure or to create a new world police force that will react to and influence the outcome of intercultural conflict Brought together by James C Bradford these essays by prominent military historians cover three thousand years and five continents in treating various examples of intercultural interaction The Encyclopaedia Britannica: Ton to Zym ,1911 The Encyclopaedia Britannica Hugh Chisholm,1911 Mark of the Devil William Kerr,2009-02-01 Navy Special Warfare officer Matt Berkeley is on a new hunt Under the seas off the coast of Florida in a corpse filled German U boat he finds a document lost for more than half a century which leads him to the vaults of the German National Archives an elderly widow and her horrifying memories of the Auschwitz death camp and ultimately to the submarine s most guarded secret a revelation that could forever disgrace the Catholic Church in the eyes of the world Each mind shattering twist plunges Berkeley further into a conspiracy littered with lies betrayal death and the discovery of a single gold ingot bearing the mark of the devil Modernity in the Flesh Kristin Ruggiero,2004 This book examines the lives of people caught in the dynamics of changing mores rapid urbanization and real public health issues in nineteenth century Buenos Aires Modernity in the Flesh shows the costs Argentines paid for the establishment of liberal democracy between 1880 and 1910 Modernity raised consciousness of the public good and a commitment to new sciences and a new set of priorities that asserted the precedence of health and security of the social whole This book shows the ways that the tensions of liberal democracy between individual rights and the social good were tempered by flesh and articulated through this word

As the state was pursuing positivist science and government the flesh held out a type of corrective to the focus on scientific and material progress Antarctic Whaling John Sheail, Paul Rodhouse, John Dudeney, 2024-09-13 Antarctic Whaling explores how British whalers came to claim so large a share of the whales taken from the Southern Ocean in the first half of the twentieth century and more particularly where when how and why the British Government came to play so large a part in whaling history through its endeavour to regulate the whaling grounds **The Spectator**, 1928 *Journal of the American Medical Association*, 1925 Includes proceedings of the association papers read at the annual sessions and lists of current medical literature **Diary of World Events, Being a Chronological Record of the Second World War Photographically Reproduced from the American and Foreign Newspapers Despatches as Reported Day by Day, Including Maps, Pictures, Cartoons, Anecdotes, Official Messages, Reports and Declarations, and Congressional Acts...** John Appleton Haven Hopkins, 1942 Ranching, Endangered Species, and Urbanization in the Southwest Nathan F. Sayre, 2006-02 Ranching is as much a part of the West as its wide open spaces The mystique of rugged individualism has sustained this activity well past the frontier era and has influenced how we view and value those open lands Nathan Sayre now takes a close look at how the ranching ideal has come into play in the conversion of a large tract of Arizona rangeland from private ranch to National Wildlife Refuge He tells how the Buenos Aires Ranch a working operation for a hundred years became not only a rallying point for multiple agendas in the rangeland conflict after its conversion to a wildlife refuge but also an expression of the larger shift from agricultural to urban economies in the Southwest since World War II The U S Fish and Wildlife Service bought the Buenos Aires Ranch in 1985 removed all livestock and attempted to restore the land to its original grassland in order to protect an endangered species the masked bobwhite quail Sayre examines the history of the ranch and the bobwhite together exploring the interplay of social economic and ecological issues to show how ranchers and their cattle altered the land for better or worse during a century of ranching and how the masked bobwhite became a symbol for environmentalists who believe that the removal of cattle benefits rangelands and wildlife Sayre evaluates both sides of the Buenos Aires controversy from ranching s impact on the environment to environmentalism s sometimes misguided efforts at restoration to address the complex and contradictory roles of ranching endangered species conservation and urbanization in the social and environmental transformation of the West He focuses on three dimensions of the Buenos Aires story the land and its inhabitants both human and animal the role of government agencies in shaping range and wildlife management and the various species of capital economic symbolic and bureaucratic that have structured the activities of ranchers environmentalists and government officials The creation of the Buenos Aires National Wildlife Refuge has been a symbolic victory for environmentalists but it comes at the cost of implicitly legitimizing the ongoing fragmentation and suburbanization of Arizona s still wild rangelands Sayre reveals how the polarized politics of the rangeland conflict have bound the Fish and Wildlife Service to a narrow ineffectual management strategy on the Buenos Aires with greater attention

paid to increasing tourism from birdwatchers than to the complex challenge of restoring the masked bobwhite and its habitat. His findings show that the urban boom of the late twentieth century echoed the cattle boom of a century before capitalizing on land rather than grass, humans rather than cattle in a book that will serve as a model for restoration efforts in any environment.
