## Esprit Et Vie:

**After the Thousand Years** J. Webb Mealy, 1992-01-01 A fresh and highly illuminating approach to what is perhaps the most difficult chapter in the most difficult book of the New Testament Mealy employs a carefully developed methodology which draws fully on the special literary techniques of Revelation particularly its extensive use of internal cross references multivalent images and symbols and complex Old Testament reminiscences With its central thesis that Revelation 20 7 10 and 20 11 15 offer parallel representations of the resurrection and final judgment of the unrepentant this study is destined to become a benchmark for future discussions not only of the millennium but of the literary workings of Revelation as a whole

Surprisingly however this theme has been largely neglected by Pentecostal scholars Ma seeks to fill this gap by providing an in depth study of the spirit of God in the Isaianic traditions He argues that the Old Testament concept of the Spirit of God has more than one root and that the development of the various spirit traditions can be fruitfully traced The study utilizes a synchronic approach together with historical analyses in order to elucidate the message of the book of Isaiah The author concludes that the concept of the Spirit of God retains a strong eschatological significance throughout the book *La Sainte Bible, Ou L'Ancien Et Le Nouveau Testament* ,1858
