Faith English Edition:

Faith Gerrit Immink, 2005 Addressing faith as it is lived rather than as a system of doctrine F Gerrit Immink emphasizes that having faith means more than assenting to certain opinions about God it involves a dynamic relationship or dialogue with God As he investigates the practice of faith Immink holds together the poles of divine activity and human experience external Word and indwelling Spirit At its heart this book is about God How can faithful people speak about God and understand God s presence Well versed in both philosophical analysis and the theological tradition the author argues for an understanding of God as a speaking acting person genuinely experienced in faith In so doing he issues a compelling plea to reevaluate the theoretical foundations of practical theology Applying his work particularly to the theories of preaching and pastoral care Immink brings to bear insights garnered from years as an academic theologian as the dean of a theological seminary and as a minister Scholars ministers and seminary students alike will benefit from his careful reflections on the Christian life of faith

Faith Hope Love Josef Pieper, 2011-07-07 This volume three separate books in one edition is a collection of Josef Pieper s famous treatises on the three theological virtues of Faith Hope and Love Each of these treatises was originally published as a separate work over a period of thirty seven years and here they are brought together in English for the first time The first of the three that he wrote On Hope was written in 1934 in response to the general feeling of despair of those times His philosophical treatise on Faith was derived from a series of lectures he gave in the late 1950s and early 1960s His most difficult work one that he struggled with for years and almost abandoned was his work On Love Pieper now feels that this is the most important book he has written He discusses not only the theological virtue of caritas agape but also of eros sexuality and even love of music and wine

Rasmussen, 2015-04-01 Larry L Rasmussen offers a dramatic new way of thinking about human society ethics and the health of our planet Rejecting the modern ethical assumption that morality applies to human society alone Earth honoring Faith argues that we must derive a system of ethics and morality that accounts for the wellbeing of all creation on Earth
