The Curious Person's Guide to Fighting Fake News David G. McAfee, 2020-10-12 With each passing day the potential reach of a single false news story and its ability to negatively impact all of us grows in both size and scope Although politicians activists and ordinary citizens regularly complain about deceptive or biased news reports they tend to define fake news as anything with which they happen to disagree thus compounding the problem even further Seeking to bring some much needed clarity to the subject journalist David G McAfee documents the myriad definitions of fake news and its various incarnations throughout history from ideologically motivated disinformation operations to commercially motivated misinformation campaigns Demonstrating that we are all culpable in the creation of the current pandemic he presents a number of practical and actionable suggestions for combating it In the end however he argues that each of us no matter our political bent have an important role to play in curbing the insidious spread and most dangerous effects of fake news

*Verified* Mike Caulfield, Sam Wineburg, 2023-11-16 An indispensable guide for telling fact from fiction on the internet often in less than 30 seconds The internet brings information to our fingertips almost instantly The result is that we often jump to thinking too fast without taking a few moments to verify the source before engaging with a claim or viral piece of media Information literacy expert Mike Caulfield and educational researcher Sam Wineburg are here to enable us to take a moment for due diligence with this informative approachable guide to the internet With this illustrated tool kit you will learn to identify red flags get quick context and make better use of common websites like Google and Wikipedia that can help and hinder in equal measure This how to guide will teach you how to use the web to verify the web quickly and efficiently including how to Verify news stories and other events in as little as thirty seconds seriously Determine if the article you re citing is by a reputable scholar or a quack Detect the slippery tactics scammers use to make their sites look credible Decide in a minute if that shocking video is truly shocking Deduce who s behind a site even when its ownership is cleverly disguised Uncover if that feature story is actually a piece planted by a foreign government Use Wikipedia wisely to gain a foothold on new topics and leads for digging deeper And so much more Building on techniques like SIFT and lateral reading Verified will help students and anyone else looking to get a handle on the internet s endless flood of information through quick practical and accessible steps For more information visit the website for the book

**Bad News** Rob Brotherton, 2020-05-14 From the bestselling author of *Suspicious Minds* There was a time when the news came once a day in the morning newspaper A time when the only way to see what was happening around the world was to catch the latest newsreel at the movies Times have changed Now we re inundated The news is no longer confined to a radio in the living room or to a nightly half hour timeslot on the television Pundits pontificate on news networks 24 hours a day We carry the news with us getting instant alerts about events around the globe Yet despite this unprecedented abundance of information it seems increasingly difficult to know what s true and what s not In *Bad News* Rob Brotherton delves into the psychology of news reviewing how the latest research

can help navigate this supposedly post truth world Which buzzwords describe psychological reality and which are empty sound bites How much of this news is unprecedented and how much is business as usual Are we doomed to fall for fake news or is fake news fake news There has been considerable psychological research into the fundamental questions underlying this phenomenon How do we form our beliefs and why do we end up believing things that are wrong How much information can we possibly process and what is the internet doing to our attention spans Ultimately this book answers one of the greatest questions of the age how can we all be smarter consumers of news

The Gamification of Digital Journalism David O. Dowling, 2020-11-23 This book examines the brief yet accelerated evolution of newsgames a genre that has emerged from puzzles quizzes and interactives augmenting digital journalism into full fledged immersive video games from open world designs to virtual reality experiences Critics have raised questions about the credibility and ethics of transforming serious news stories of political consequence into entertainment media and the risks of trivializing grave and catastrophic events into mere games Dowling explores both the negatives of newsgames and how the use of entertainment media forms and their narrative methods mainly associated with fiction can add new and potentially more powerful meaning to news than traditional formats allow The book also explores how industrial and cultural shifts in the digital publishing industry have enabled newsgames to evolve in a manner that strengthens certain core principles of journalism particularly advocacy on behalf of marginalized and oppressed groups Cutting edge and thoughtful *The Gamification of Digital Journalism* is a must read for scholars researchers and practitioners interested in multimedia journalism and immersive storytelling

*Flipping Academic English Language Learning* Erik Voss, Ilka Kostka, 2019-06-17 This book draws on theory research and practice oriented literature to offer an introduction to flipped learning and offer busy instructors advice on how to flip their academic English language courses The chapters balance theoretical foundations practical applications and useful resources for developing materials The first half of this book defines flipped learning and academic English describes how it supports English language learning and explains the role of technology as well as issues with accountability and feedback The second half of the book then makes connections between the theoretical issues presented in the first three chapters and the practical applications in the following chapters which provide lesson descriptions and assessment ideas for language learning contexts with or without access to technology The book concludes with a list of tools and technologies for developing materials and activities as well as additional resources for professional development and further exploration of flipped English language learning
