Advocacy, and Political Engagement Sally Tannenbaum, 2023-07-03 As institutions of higher education embrace civic
engagement service learning has emerged as a most effective way to engage students in field experiences where they will
confront profound questions of the relevance of academic learning to addressing community needs Each volume in this series
is organized around a specific community issue and provides multiple perspectives on both the theoretical foundations for
understanding the issues and purposeful approaches to addressing them The contributors to these books who represent
disciplines in the sciences humanities and social sciences offer vivid examples of how they have integrated civic engagement
in their courses explain their objectives and demonstrate how they assess outcomes To stimulate adaptation of the
approaches described in these books each volume includes an Activity Methodology table that summarizes key elements of
each example such as class size type of community partner the activity and the methodology or pedagogy employed and
potential applications of the example in other disciplines This volume presents inventive approaches to using service learning
to introduce students to political engagement The work of faculty representing a wide variety of disciplines this compilation
of innovative and varied courses offers models to adapt and ideas to stimulate the creativity of instructors The contributors
view political engagement from distinct vantage points Political scientists look at political engagement from a more
traditional perspective Mathematicians develop courses that explore the statistical implications Economists focus on cost
benefit analysis Business professors provide an entrepreneurial angle Feminists consider the language implications of
political engagement The chapters in this book describe how teachers in Politics Education Urban and Regional Planning
Business Communications Sociology Mathematics Economics and Women s Studies have created effective activities that
advance disciplinary knowledge develop collaboration with communities and engage students in the political process

Reader's Guide is a practical guide to research reading and writing in political science. The Political Science Student Writer's Manual and Reader's Guide Eighth Edition is a set of instructions and exercises that sequentially develop citizenship, academic and professional skills while providing students with knowledge about a wide range of political and governmental concepts, phenomena and information sources. It begins by teaching beginning students to engage newspapers and other political media sources critically and analytically. It focuses on the crafts of writing and scholarship by providing the basics of grammar, style, formats and source citation and then introduces students to a variety of rich information resources including the Congressional Record, Federal Register and the Library of Congress. Students actively apply their knowledge and skills by corresponding with their representatives and commenting on pending government regulations. Part 1 concludes with campaign management, policy analysis, legislation assessment and similar exercises that develop student skills. Part 2 prepares students to research, read, write, review and critique political science scholarship. Finally, Part 3 teaches advanced students how to investigate public opinion, analyze domestic and international public policies, author amicus briefs and participate in the universal community that deliberates the continuing rich tradition of political philosophy.
