Sutcliffe, Carole M Cusack, 2017-08-15 Invented religions have been described as modern religions which advertise their invented status and reject traditional strategies of authorisation But what does it mean for a religious formation to be made up and how might this status affect perceptions of its legitimacy or authenticity in wider society Based in original fieldwork and archival sources and in the secondary literature on invented and constructed formations this volume explores the allure of as well as the limits of the invention of religion Through a series of case studies the contributors discuss strategies of mobilization and legitimation for new traditions at their point of emergence as well as taking issue with simplistic interpretations of the phenomenon which neglect wider cultural and political dimensions This book was originally published as a special issue of Culture and Religion

Beyond Religion and the Secular Wayne Hudson, 2022-11-17 Deploying a distinctive disaggregative approach to the study of religion this volume shows that spiritual movements with extensive counterfactual beliefs have been much more creative than one might expect Specifically Wayne Hudson explores the creativity of six spiritual movements the Bah s a Persian movement Soka Gakkai a Japanese movement Ananda Marga and the Brahma Kumaris two reformed Hindu movements and two controversial American churches The Church Universal and Triumphant and the Church of Jesus Christ of Latter day Saints Most of these movements have counterintuitive features that have led Western scholars making Enlightenment assumptions to dismiss them as irrational and or inconsequential However this book reveals that these movements have responded to modernity in ways that are creative and practical resulting in a wide range of social educational and cultural initiatives Building on research surrounding the ways in which spiritual movements engage in cultural productions this book takes the international research in a new direction by exploring the utopian intentionality such cultural productions reveal
