Hangover Square A Story Of Darkest Earls Court:

Hangover Square Patrick Hamilton, 2016-08-04 The seventy fifth anniversary edition with a new introduction by Anthony Quinn I recommend Hamilton at every opportunity because he was such a wonderful writer and yet is rather under read today All his novels are terrific Sarah Waters If you were looking to fly from Dickens to Martin Amis with just one overnight stop then Hamilton is your man Nick Hornby Patrick Hamilton's novels were the inspiration for Matthew Bourne's new dance theatre production *The Midnight Bell* London 1939 and in the grimy publands of Earls Court George Harvey Bone is pursuing a helpless infatuation Netta is cool contemptuous and hopelessly desirable to George George is adrift in a drunken hell except in his dead moments when something goes click in his head and he realises without a doubt that he must kill her In the darkly comic *Hangover Square* Patrick Hamilton brilliantly evokes a seedy fog bound world of saloon bars lodging houses and boozing philosophers immortalising the slang and conversational tone of a whole generation and capturing the premonitions of doom that pervaded London life in the months before the war

Hangover Square Patrick Hamilton (novelist.), 1948 *Hangover Square* Patrick Hamilton, 1974 *Hangover Square* Patrick Hamilton, 1941 **The Queer Cultures of 1930s Prose** Charlotte Charteris, 2019-01-04 Offering a radical reassessment of 1930s British literature this volume questions the temporal limits of the literary decade and broadens the scope of queer literary studies to consider literary historical responses to a variety of behaviours encompassed by the term queer in its many senses Whilst it is informed by the history of sexuality in twentieth century Europe it is also profoundly concerned with what Christopher Isherwood termed the market value of the Odd Drawing for its methodology on the work of Raymond Williams it traces the impact of the Great War on the development of language examining the use of ten keywords in the prose of Christopher Isherwood Evelyn Waugh and Patrick Hamilton and that of their respective literary milieux in order to establish how queer lives and modern sub cultural identities were forged collaboratively within the fictional realm By utilizing contemporary perspectives on performativity in conjunction with detailed close readings it repositions these authors as self conscious agents actively producing their own queer masculinities through calculated acts of linguistic transgression

Hangover Square; Or, The Man with Two Minds Patrick Hamilton, 1942 **Literature and Sound Film in Mid-Century Britain**

Lara Ehrenfried, 2025-03-27 What happened to cinema and literature when synchronized sound was introduced to the film industry in the late 1920s *Literature and Sound Film in Mid Century Britain* studies the paths of film and text following this event It asks how British cinema responded to the introduction of sound and how mid century literature took up the challenge of the synchronized audio visual entertainment experience offered by this media change By examining the

technological and industrial histories of film and its narrative strategies and by drawing links to twentieth century literary culture this study offers a new way of approaching mid century writing and its media ecology Developing innovative audio visual close readings this book offers a multi sensory multi media approach that reframes the relationships between cinema and literature in the twentieth century The study addresses a wide range of film genres such as musical film screwball comedy the thriller documentary and melodrama alongside the writings of a large group of authors including Elizabeth Bowen Patrick Hamilton Evelyn Waugh Lewis Grassie Gibbon Henry Green Jean Rhys Ivy Compton Burnett and Eric Ambler It covers an expansive range of films and texts of the 1930s and 1940s and invites readers to comprehensively rethink mid century media culture by arguing for a growing synergy of film and text *The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950* George Watson, I. R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries

Hitchcock at the Source R. Barton Palmer, David Boyd, 2011-09-01 The adaptation of literary works to the screen has been the subject of increasing and increasingly sophisticated critical and scholarly attention in recent years but most studies of the subject have continued to privilege literature over film by taking the literary sources as their starting point Rather than examining the processes by which a particular author has been adapted into a diversity of films by different filmmakers the contributors in Hitchcock at the Source consider the processes by which a varied range of literary sources have been transformed by one filmmaker into an impressive body of work Throughout his career Alfred Hitchcock transformed a variety of literary sources novels plays short stories into what is arguably the most coherent and distinctive narratively stylistically and thematically of all directorial oeuvres After an introduction surveying the nature and diversity of Hitchcock's sources and locating the current volume in the context of theoretical work on adaptation nineteen original essays range across the entirety of Hitchcock's career from the silent period through to the 1970s In addition to addressing the process of adaptation in particular films in terms of plot and character the contributors also consider less obvious matters of tone technique and ideology Hitchcock's manipulation of the conventions of literary and dramatic genres such as spy fiction and romantic comedy and more general problems such as Hitchcock's shift from plays to novels as his major sources in the course of the 1930s **The BFI Companion to Crime** Phil Hardy, 1997-01-01 Robbers gangsters murderers and criminals of every description have long been a staple of popular entertainment Movies are no exception and film buffs and scholars alike now have a complete guide to the vast array of films that make up the fascinating world of crime cinema The BFI Companion to

The Crime Novel Anthony Channell Hilfer,1990-10-01 Although rarely distinguished from the detective story the crime novel offers readers a quite different experience In the detective novel a sympathetic detective figure uses reason and intuition to solve the puzzle restore order and reassure readers that right will always prevail In the crime novel by contrast the hero is either the killer the victim a guilty bystander or someone falsely accused and the crime may never be satisfactorily solved These and other fundamental differences are set out by Tony Hilfer in The Crime Novel the first book that completely defines and explores this popular genre Hilfer offers convincing evidence that the crime novel should be regarded as a genre distinct from the detective novel whose conventions it subverts to develop conventions of its own Hilfer provides in depth analyses of novels by Georges Simenon Margaret Millar Patricia Highsmith and Jim Thompson He also treats such British novelists as Patrick Hamilton Shelley Smith and Marie Belloc Lowndes as well as the American novelists Cornell Woolrich John Franklin Bardin James M Cain and Fredric Brown In addition he defines the distinctions between the American crime novel and the British showing how their differences correspond to differences in American and British detective fiction This well written study will appeal to a general audience as well as teachers and students of detective and mystery fiction For anyone interested in the genre it offers valuable suggestions of what to read next **British Writers**

and the Approach of World War II Steve Ellis,2014-10-27 This book considers the literary construction of what E M Forster calls the 1939 State namely the anticipation of the Second World War between the Munich crisis of 1938 and the end of the Phoney War in the spring of 1940 Steve Ellis investigates not only myriad responses to the imminent war but also various peace aims and plans for post war reconstruction outlined by such writers as T S Eliot H G Wells J B Priestley George Orwell E M Forster and Leonard and Virginia Woolf He argues that the work of these writers is illuminated by the anxious tenor of this period The result is a novel study of the long 1939 which transforms readers understanding of the literary history of the eve of war era **Narratives of Memory** V.
