These authors also found that the use of a single, standardized questionnaire to assess the prevalence of mental health problems in the community was not sufficient to capture the full range of mental health problems. They suggested that a more comprehensive approach, such as the use of multiple questionnaires or interviews, would be more effective in identifying mental health problems in the community.

It is important to observe things and situations around you. Be
 patient. Listen. When you understand what the atmosphere is, the
 things that are going on in the field, you can then use the
