Dr. Himanshu Agarwal

Associate Professor, Department of Commerce, Deva Nagri College, Meerut, UP, India.

Abstract

Publication of research papers in reputed and referred journals has become mandatory for teachers, professors and research scholars. Paper must be plagiarism free and scholarly written with scientific validity and reasonable conclusion. Most of the researchers does not differentiate among research paper, article and essay. Researchers are not aware what they are aiming at. The present paper guides researchers about writing a scholarly research paper. There is a specified stepwise procedure of writing scholarly research paper. All researchers must follow that pattern. It is a 7-point strategy. The steps suggested by the author are sole experience of the author. Author is chief editor of Journal of Commerce and Trade.

Keywords: Research Paper; Article; Essay; Plagiarism; Citation; Referencing; Abstract; Journal.

1. Introduction

Research and writing research papers are becoming scientific day by day. Ph. D. students, teachers or professors are being recognized through their published research works. In the recent past in India, it has been made mandatory for every teacher or professor and for every Ph.D. student to get their research papers published in UGC-CARE listed journals or Scopus registered journals. This need is aroused for taking promotions in colleges or universities or for the award of Ph.D. Degrees. Apart from this, government initiated to curb copying of other researchers' work to ban 'literature theft'. It has also made writing of paper very scientific in nature. The research paper must ensure an acceptable level of plagiarism. Moreover, ResearchGate, google scholar, zenodo and other such platforms have emerged to evaluate and to judge the work of researchers. These portals have a public viewing that gives rating to the registered researchers on their platforms.

Before knowing the writing scholarly research paper, one has to understand clearly what the research paper is. Most of the researches fail because they are not 'research papers'. Largely,

to Writing a Research Paper Janine Carlock, Maeve Eberhardt, Jaime Horst, Peter Kolenich, 2017-06-13 The International Student s Guide to Writing a Research Paper is a reference text for undergraduate students and those in ESL or bridge courses who are writing a research paper for the first time This book is partly an update of Writing a Research Paper by Lionel Menasche 1998 and partly a companion to The ESL Writer s Handbook Each section of the book includes a discrete task called a Building Block which requires students to apply the skills learned toward the development of their own paper This step by step approach allows students to construct knowledge as they become more familiar with the process making writing a research paper a less intimidating task Special features This guide uses simple direct language for those for whom writing a research paper is new Most example writing is from international students in an ESL program or first year writing class including two sample papers one in APA and one in MLA A section on responding to instructor feedback to provide students with the tools to read and understand comments and use them to improve the first draft A subsection dedicated to constructing clear and cohesive paragraphs and sentences The guide includes citation and style examples in MLA 8th edition

How to Write a Scientific Paper Jari Saramäki, 2018-11-03 What if writing scientific papers was faster easier and a bit less painful This book provides a step by step top down approach that makes it easier to turn your hard won results into research papers that your fellow scientists want to read and cite I just wrote a rough first draft of a paper during a 3 hour flight and if it wasn t for these teachings this would have taken me days if not weeks Talayeh Aledavood James S McDonnell Postdoctoral Fellow University of Helsinki The book s systematic approach builds on what I ve learned through coauthoring close to 100 research papers with students You ll learn how to outline your paper from top to down how to develop your story and how to

think about what to write before you write it You ll also learn how to deal with many issues that writers of science commonly face from the fear of the blank page to dealing with critical reviews Here s what you get A complete step by step plan for writing a scientific paper from choosing which results to include to wrapping up the paper in the Discussion section Concrete actionable and practical advice from a paragraph level template for the Introduction to guidance on preparing plots and figures Lots of writing tips from placing signposts in your text to shortening and straightening your sentences This book has been written for the PhD student who is aiming to write a journal article on her research results but it should also be useful to any scientist who has ever found writing difficult Whatever the stage of your career if you d like to learn how to write research papers systematically and efficiently this is the book for you The book includes PART I STORY 1 How To Choose The Key Point Of Your Paper 2 How To Choose The Supporting Results 3 How To Write The Abstract 4 How To Choose The Title PART II OUTLINE 5 The Power Of Outlining 6 How To Write The Introduction Part I Structure 7 How To Write The Introduction Part II A Four Paragraph Template 8 How To Write The Introduction Part III The Lede 9 How To Write The Materials And Methods 10 How To Write The Results Part I Figures 11 How To Write The Results Part II Text 12 How To Write The Discussion PART III WORDS 13 How Does Your Reader Read 14 How To Write Your First Draft 15 How To Edit Your First Draft 16 Tips For Revising Content And Structure 17 Tips For Editing Sentences PART IV IT S NOT OVER YET 18 How To Write The Cover Letter 19 How To Deal With Reviews About the author I am a professor of computational science and an experienced academic with around 100 published papers My research is interdisciplinary to say the least I have studied the social fabric of smartphone users the genetic structure of ant supercolonies the connectome of the human brain networks of public transport and the molecular biology of the human immune system to name a few So one could say that I have a broad range of scientific interests or that I simply cannot choose But that s exactly the way I like it Research Paper Writing Guide for Criminal Justice and Forensic Investigation Scholars Michael Kane,2015-06-10 This book contains the necessary information for college students to write successful research papers Most research textbooks stop short at describing the step by step process of building and presenting research papers This book does not The textbook s design walks students through the logical process of building research papers and presenting research findings both orally and in writing Topics include APA Writing Guide and Paper Requirements The Purpose Statement Citing in APA Style What is a Scholarly Journal The Literature Review Critical Thinking Analysis Synthesis and Evaluation The Oral Presentation Completing the Paper The textbook serves as a primary textbook for courses involving research methods and paper writing or serves as an effective supplement to courses with major research paper components The textbook contains several practical exercises and helpful tables as well **How to Write a Research Paper: A Guide Book for Neophyte Students** Dr. Rashmee Yadav,2023-02-14 ABOUT THE BOOK The book How to write a Research Paper Guide book for neophyte students composed by three youngsters Dr Rashmee Yadav Dr Brij Vikash Singh and Dr Mithesh Verma is a fantastic effort in

this direction They have covered almost all the areas of research paper writing process and how to write a research paper etc The book is based on the research paper writing process The author s main focused on this book How to write a Research Paper Guide Book for the neophyte students This book is helpful to students writing research paper in proper way because plenty of research papers are written every year But in many of them research methodology aspect is not given a considerable attention and because of which the research papers end up in just being endless words containing stories leading to less or no sense It should be noted that the quality in research articles comes from the extensive planning and in depth research before starting writing them actually This is true even for management research papers writing A research paper analyzes a perspective or argues a point Regardless of the type of research paper the researcher is writing the researcher should present his own thinking backed up by others ideas and information Research paper as a result of the research in the teaching of writing discussions with colleagues and own experiences we have developed a detailed approach to writing research papers and the approach is presented here Instead of focusing on one research paper we have focused on the process of research writing through a series of shorter writing exercises Students begin by having to carefully think about a topic of research and by developing a working idea They then write a series of shorter essays that explore that topic All along the way students are continuing to research and revise their working proposal so that by the end of the term their thinking about their original topic of research has evolved This b

Mario Klarer offers a concise and accessible discussion of central issues in English and world literature as well as film and television series. Starting with the basics of what constitutes a literary text, the book moves through an analysis of major genres, important periods, and key theoretical approaches to literature and film. It also looks at the practicalities of finding and referencing secondary sources when writing a research paper. The expanded new edition has been updated to include a wider range of examples from world literature, cinema, and television series; additional references to contemporary streaming formats; updated chapters on postcolonial theory, cultural studies, gender theory, feminism, and queer theory; new sections on digital humanities, ecocriticism, literary translations, and paratexts; extended explanations of traditional genres, e.g., the epic, drama, and poetry; a completely revised chapter on the most recent MLA guidelines with rules for citing new media formats. The detailed glossary ensures that the book is accessible to readers of any level, making this an ideal self-study guide or a course book for Introduction to Literature classes.
