Jeans and Fill Them with Cash Lee Black,2023-06-17 Do you want to fit into those black LEE jeans again Do you want to fill your pockets with cash If so then this book is for you It is time to do more then just buy jeans hoping they will transform your body and your life This is the book you always needed to get with those jeans to actually create a wonderful transformation in your body and your life This book is a perfect fit because it will help you to both feel and look better and it will also help you accumulate an obscene amount of cash So right now you are probably thinking that this is just another one of those self help books that promises the world but delivers nothing But today is your lucky day because this book is different It is designed specifically to improve your life based on the real world and on what really works it is also based on what has worked in my life Congratulations on Your Graduation! But Were You Ever Educated about Life After Graduation? Lee

Black,2023-07-20 If I could go back in time to when I graduated from high school or college there is just one graduation gift that I really wish that someone had given to me It is THIS book This is THE book that would have actually prepared me for life after graduation it is about the real world and it is filled with the ultimate truths that have taken me half a lifetime to uncover This book is ideal for everyone This is the final textbook that every graduate needs to ace the most important test of all the test of life Students live in an artificial and unrealistic world where their success is based on memorizing and regurgitating facts and figures Students adapt to a classroom world where they are fairly judged against others based on their memory and their ability to follow provided instructions There usually are no work place politics or bias judgements on one s appearance and background in the classroom Students only need to face mostly fair and objective tests In our educational institutions there is little or no mention about how every aspect of one s appearance and background will be unfairly judged by the world that awaits them after graduation Students are often told how intelligent they are but are never actually taught how to think They solve no real life problems but they make the Dean s list They are not taught how to generate a creative or original thought but get an A by summarizing a book created by someone else Often students are simply told what to think from the bias perspective of their teacher and their educational institution So when they graduate they actually have no education on how to think independently or on how to handle their life When I graduated everyone told me how smart I was and they seemed to imply that getting all those A grades and degrees completely prepared me for the future But deep down inside I had so many unanswered questions I found out the hard way that I was completely uneducated for the rest of my life after graduation Here are the unanswered life questions that I struggled with How do you interview for

a job How do you improve your job performance How do you deal with human bias and work place politics How do you move up in your career How do you start and grow your own business How do you manage your money How do you stay fit and healthy How do you build strong positive relationships How do you stay fit and healthy And the ultimate question How do you get more joy in life So now looking back on it all I decided to create the book that answers the questions I had when I graduated This is THE GRADUATION BOOK and THE REST OF YOUR LIFE BOOK The truths revealed here will entertain you and shock you But ultimately this is THE higher education textbook that will allow you to achieve more to have more and to enjoy more for the rest of your life
