Negotiating Identities in Contemporary Africa Toyin Falola, Emmanuel M. Mbah, 2023-08-29 *Negotiating Identities in Contemporary Africa* Gender Religion and Ethno cultural Identities explores the changing dynamics of identities in Africa with a focus on gender ethno cultural and religious identity Toyin Falola and Emmanuel M Mbah argue that because identity defines who we are as individuals or groups studies on African identities must focus on understanding the changing dynamics in the socio economic and political spheres in the continent These chapters cover subjects such as women s career identity gender roles and knowledge childlessness ethnocentrism and democracy cultural identity through theater Black identity in the diaspora and diasporic consciousness Using existing scholarship the chapters in this edited volume challenge our understanding of what identity entails and provide new discussions on the hitherto politicized historiography of some identities in Africa

The Refugee Crisis and Religion Luca Mavelli, Erin Wilson, 2016-12-01 The current refugee crisis sweeping Europe and much of the world closely intersects with largely neglected questions of religion Moving beyond discussions of religious differences what can we learn about the interaction between religion and migration Do faith based organisations play a role within the refugee regime How do religious traditions and perspectives challenge and inform current practices and policies towards refugees This volume gathers together expertise from academics and practitioners as well as migrant voices in order to investigate these interconnections It shows that reconsidering our understanding and approaches to both could generate creative alternative responses to the growing global migration crisis Beginning with a discussion of the secular religious divide and how it shapes dominant policy practices and counter approaches to displacement and migration the book then goes on to explore and deconstruct the dominant discourse of the Muslim refugee as a threat to the secular Christian West The discussion continues with an exploration of Christian and Islamic traditions of hospitality showing how they challenge current practices of securitization of migration and concludes with an investigation of the largely unexplored relation between gender religion and migration Bringing together leading and emerging voices from across academia and practice in the fields of International Relations migration studies philosophy religious studies and gender studies this volume offers a unique take on one of the most pressing global problems of our time

Thus Until Emilia Ilieva, Reuben Matheka, 2025-08-04 Thus Until A History of Egerton University is a thorough historical chronological and well researched account of Egerton University from a whites only college when it started in 1939 through to the expansion it has experienced over the years culminating in being a full university More than any other university in Kenya Egerton has a long and colourful history but like all the other universities it has suffered from the political economic and financial challenges of the time especially since the double intake of the 1990s Chapter One provides the required background to the study highlighting agricultural and educational policies and steering away from the Happy Valley hype so characteristic of the period The reader will learn about the Egerton family in Chapter Two and particularly about Lord Egerton himself and the colonial circumstances within which he lived The chapter dispels some of the popularly held myths about him Chapter Three deals with the beginnings of the college and the various structural and curriculum experiments tried out and the kind of enrolment and students it experimented with as an all white establishment The chapter ends with Africans beginning to agitate for change With great attention to detail the later chapters put the university in a broader local and international context thereby increasing its relevance to society A History of Egerton University though heavily footnoted and with a detailed bibliography is written in a simple easy flowing and accessible style *Regional Review on Status and Trends in Aquaculture Development in Sub-Saharan Africa - 2015* Food and Agriculture Organization of the United Nations, 2017 The present regional review and synthesis for sub Saharan Africa SSA provides an overview of major issues and trends in the aquaculture sector between 2004 and 2014 with emphasis on outstanding issues over the last five years The regional review reflects development in 41 countries in SSA for which production was reported to FAO in 2014 The production volume and value data have been derived from the latest FAO global aquaculture dataset 1950 2014 FishStat

Regionalization of African Higher Education Jane Knight, Emnet Tadesse Woldegiorgis, 2017-04-17 Growth in the scope scale and importance of higher education regionalization should not be underestimated or ignored Africa like Asia Europe and Latin America is promoting deeper cooperation among higher education bodies and institutions across the continent and focusing more attention on Pan African and sub regional harmonization of policies and programmes This is the first book which brings together diverse scholars and policy experts to examine key aspects and challenges of African higher education regionalization Chapters examine the progress and prospects of core regionalization issues and strategies such as academic mobility quality assurance recognition of qualifications research centres and networks curriculum and competencies and regional academic programmes Other chapters discuss important themes such as the relationship between regionalization internationalization and Africanization historical antecedents and perspectives an analytical model to understand functional organizational and political approaches to Africa s higher education regionalization and the influence of the Bologna process on the African Union s Strategy for the Harmonization of Higher Education Programmes Together these chapters provide a comprehensive overview of efforts by the African Union sub regional higher education associations such as IUCEA SARUA

and CAMES Pan African organizations and actors key research networks and centres of excellence and the involvement or dependence on external actors and funders especially from Europe Fundamentally the book asks the question whether higher education regionalization in Africa is more rhetoric than reality It discusses the progress to date on specific themes identifies historical political sustainability and funding challenges and concludes that while the impacts of regionalization efforts have not been fully realized there is cautious optimism for the future Science Research and Education in Africa Alain L.

Fymat,Joachim Kapalanga,2017-03-07 For various economic and political reasons many African countries lag behind the rest of the industrialised world in scientific and medical research and development However the presence of intellectual islands scattered across the continent gives hope that this is only a transient situation on the cusp of undergoing a profound and beneficial change For this reason the Society for the Advancement of Science in Africa was established to catalyse and contribute to this needed evolution Its mission is to contribute to Africa s economic advancement and sustainability through science research education and innovation This book provides a selection of papers from the Advancement of Science in Africa s third annual conference The conference was held under the overarching theme of science research and education in Africa with several important sub themes including but not limited to improving health research and disease surveillance education epidemic diseases with high mortality promoting women s interest in science careers fostering youth development with science education The collection illustrates how although the chapter contributors come from various countries and universities representing their own academic research they all share a common interest in advancing science research and education in Africa **Kenya's Running Women** Michelle M Sikes,2023-12-01 Since Pauline Konga s breakthrough

performance at the 1996 summer Olympics in Atlanta the world has become accustomed to seeing Kenyan women medal at major championships sweep marathons and set world records Yet little is known about the pioneer generation of women who paved the way for Kenya s reputation as an international powerhouse in women s track and field In Kenya s Running Women A History historian and former professional runner Michelle M Sikes details the triumphs and many challenges these women faced from the advent of Kenya s athletics program in the colonial era through the professionalization of running in the 1980s and 1990s Sikes reveals how over time running became a vehicle for Kenyan women to expand the boundaries of acceptable female behavior Kenya s Running Women demonstrates the necessity of including women in histories of African sport and of incorporating sport into studies of African gender and nation building UNESCO Science Report UNESCO,2021-06-18

Supporting Entrepreneurship and Innovation Janet Crum,Samantha Schmehl Hines,2019-04-29 Libraries have recently begun doing more to support entrepreneurship and innovation within their communities This volume explores how this has come about looking at libraries from across North America Europe and Africa and helps position readers to better understand what is happening and how this can be brought to further institutions **Africa regional overview of food security and nutrition 2020** Food and Agriculture Organization of the United Nations,United Nations Economic

Commission for Africa, African Union Commission, 2021-06-29 Africa is not on track to meeting the Sustainable Development Goal SDG 2 targets to end hunger and ensure access by all people to safe nutritious and sufficient food all year round and to end all forms of malnutrition The number of hungry people on the continent has risen by 47.9 million since 2014 and now stands at 250.3 million or nearly one fifth of the population The 2017, 2018 and 2019 editions of this report explain that this gradual deterioration of food security was due to conflict, weather extremes and economic slowdowns and downturns often overlapping A continued worsening of food security is expected also for 2020 as a result of the COVID-19 pandemic In addition to hunger across all countries in Africa millions of people suffer from widespread micronutrient deficiencies and overweight and obesity are emerging as significant health concerns in many countries This report shows that the food system in Africa does not provide food at a cost that makes nutritious food affordable to a majority of the population and this is reflected in the high disease burden associated with maternal and child malnutrition, high body mass, micronutrient deficiencies and dietary risk factors The report also shows that current food consumption patterns impose high health and environmental costs which are not reflected in food prices The findings presented in this report highlight the importance of prioritizing the transformation of food systems to ensure access to affordable and healthy diets for all produced in a sustainable manner

2016 THE STATE OF WORLD FISHERIES AND AQUACULTURE Food and Agriculture

Organization of the United Nations, 2018-04-17 This issue of The State of World Fisheries and Aquaculture aims to provide objective, reliable and up-to-date data and information to a wide range of readers: policy makers, managers, scientists, stakeholders and indeed all those interested in the fisheries and aquaculture sector As always the scope is global and the topics many and varied This edition uses the latest official statistics on fisheries and aquaculture to present a global analysis of trends in fish stocks, production, processing, utilization, trade and consumption It also reports on the status of the world's fishing fleets and analyses the make-up of human engagement in the sector Twenty years on from the introduction of the Code of Conduct for Responsible Conduct and now with the recently adopted Sustainable Development Goals 2030 Agenda for Sustainable Development, Paris Agreement and the Small Scale Fisheries Guidelines the focus on governance and policy has never been greater This edition covers recent developments as they relate to fisheries and aquaculture and reports inter alia on the Common Oceans ABNJ Program, FAO's Blue Growth Initiative and efforts to combat illegal, unreported and unregulated fishing It also discusses issues such as valuing inland fisheries, cutting bycatch and promoting decent work Other topics highlighted include nutrition, aquatic invasive alien species, responsible inland fisheries, resilience in fisheries and aquaculture and governance of tenure and user rights

Improving household consumption and expenditure surveys' food consumption metrics Fiedler, John L., Mwangi, Dena M., 2016-11-18
As the nature of global malnutrition changes there is a growing need and increasing urgency for more and better information about food consumption and dietary patterns The past two decades have seen a dramatic increase in the number availability and analysis of the food consumption data collected in a variety of multipurpose household surveys

referred to collectively as household consumption and expenditure surveys HCESs These surveys are heterogeneous and their quality varies substantially by country Still they share some common shortcomings in their measurement of food consumption nutrient intakes and nutrition status that undermine their relevance and reliability for purposes of designing and implementing food policies and programs This review crafts a strategic approach to the unfinished global agenda of improving HCESs collection of food consumption data Starting with the priority studies recommended by a 100 country HCES review Smith Dupriez and Troubat 2014 it focuses on a strategic subset of those studies that deal most directly and exclusively with the measurement of food and that are of fundamental importance to all HCES stakeholders in low and middle income countries Drawing from the literature this study provides a more detailed more circumspect justification as to why these particular studies are needed while identifying key hypotheses explaining why these studies are of growing urgency and demonstrating why now is a propitious time for undertaking them The review also identifies important study design considerations while pointing out potential challenges to successful implementation stemming from technical capacity economic administrative and political considerations Six key studies are rank ordered from a global perspective as follows taking into account 1 the likely shared consensus that a topic is an important source of measurement error in estimating consumption 2 the perceived urgency of the need for addressing a particular source of measurement error 3 the perceived likelihood of success that is that the efforts will improve the accuracy of measurement 4 whether or not the study entails modifying the questionnaire 5 the ease with which a study may begin and 6 the extent to which the study is independent of necessary negotiations with existing HCES stakeholders because of the types of changes it is likely to entail in either the questionnaire or the way the data have traditionally been processed
