

# Linguistics Exam

## Language classification and change

1. Look at the list of four languages below. Put these languages in order of how closely related they are to English (where 1 is most closely related, and 4 is least closely related):

|         |           |
|---------|-----------|
| German  | (1) _____ |
| Persian | (2) _____ |
| Italian | (3) _____ |
| Turkish | (4) _____ |

## Linguistic analysis

2. Look at the seven areas of linguistic analysis in the left column below. Match them with the aspects of language that they study in the right column below by putting the correct number next to the correct letter in the table. One has been done for you:

|                                |                                   |
|--------------------------------|-----------------------------------|
| (a) SLA                        | (1) Sound patterns                |
| (b) Phonology                  | (2) Word building                 |
| (c) Syntax                     | (3) Children's language           |
| (d) Phonetics                  | (4) Language change               |
| (e) Morphology                 | (5) Sound production              |
| (f) Historical linguistics     | (6) Constituents                  |
| (g) First language acquisition | (7) Learning additional languages |

|     |          |
