back peeling potatoes but for long periods he has been haunted by bulimia and body dysmorphia and not a day goes by when he doesn't worry about what or how much he eats. He achieved TV fame but then seemingly wilfully chose to self-destruct before finding the strength to pull back when he woke up in a car with half a kebab at his feet and chilli sauce on his shoes. Through it all his essential optimism has meant that he has chosen to take every step back as a chance to reassess and begin again, finally arriving at the realisation that external validation and fulfilment is transient, a distraction from the sometimes painful pilgrimage we make as we gain wisdom from our experiences.
