Grand Expectations James T. Patterson, 1996-04-18

Beginning in 1945 America rocketed through a quarter century of extraordinary economic growth, experiencing an amazing boom that soared to unimaginable heights in the 1960s. At one point in the late 1940s American workers produced 57 percent of the planet's steel, 62 percent of the oil, 80 percent of the automobiles. The U.S. then had three-fourths of the world's gold supplies. English Prime Minister Edward Heath later said that the United States in the post-War era enjoyed the greatest prosperity the world has ever known. It was a boom that produced a national euphoria, a buoyant time of grand expectations and an unprecedented faith in our government, in our leaders and in the American dream, an optimistic spirit which would be shaken by events in the 60s and 70s and particularly by the Vietnam War. Now in *Grand Expectations* James T. Patterson has written a highly readable and balanced work that weaves the major political, cultural and economic events of the period into a superb portrait of America from 1945 through Watergate. Here is an era teeming with memorable events: from the bloody campaigns in Korea and the bitterness surrounding McCarthyism to the assassinations of the Kennedys and Martin Luther King to the Vietnam War, Watergate and Nixon's resignation. Patterson excels at portraying the amazing growth after World War II, the great building boom epitomized by Levittown, the largest such development in history, and the baby boom which exploded literally nine months after V-J Day, as well as the resultant buoyancy of spirit reflected in everything from streamlined toasters to big flashy cars to the soaring butterfly roof of TWA's airline terminal in New York. And he shows how this upbeat can do mood spurred grander and grander expectations as the era progressed. Of course not all Americans shared in this economic growth, and an important thread running through the book is an informed and gripping depiction of the civil rights movement from the electrifying *Brown v. Board of Education* decision to the violent confrontations in Little Rock, Birmingham and Selma to the landmark civil rights acts of 1964 and 1965. Patterson also shows how the Vietnam War, which provoked LBJ's growing credibility gap, vast defense spending that dangerously unsettled the economy and increasingly angry protests and a growing rights revolution including demands by women, Hispanics, the poor, Native Americans and gays triggered a backlash that widened hidden rifts in our society, rifts that divided along racial, class and generational lines. And by Nixon's resignation we find a national mood in stark contrast to the grand expectations of ten years earlier, one in which faith in our leaders and in the attainability of the American dream was greatly shaken.

**The FBI and Martin Luther King, Jr.** David J. Garrow,2015-02-17 The author of Bearing the Cross the Pulitzer Prize winning biography of Martin Luther King Jr exposes the government s massive surveillance campaign against the civil rights leader When US attorney general Robert F Kennedy authorized a wiretap of Martin Luther King Jr s phones by the Federal Bureau of Investigation he set in motion one of the most invasive surveillance operations in American history Sparked by informant reports of King s alleged involvement with communists the FBI amassed a trove of information on the civil rights leader Their findings failed to turn up any evidence of communist influence but they did expose sensitive aspects of King s personal life that the FBI went on to use in its attempts to mar his public image Based on meticulous research into the agency s surveillance records historian David Garrow illustrates how the FBI followed King s movements throughout the country bugging his hotel rooms and tapping his phones wherever he went in an obsessive quest to destroy his growing influence Garrow uncovers the voyeurism and racism within J Edgar Hoover s FBI while unmasking Hoover s personal desire to destroy King The spying only intensified once King publicly denounced the Vietnam War and the FBI continued to surveil him until his death The FBI and Martin Luther King Jr clearly demonstrates an unprecedented abuse of power by the FBI and the government as a whole

*A Stone of Hope* David L. Chappell,2009-12-07 The civil rights movement was arguably the most successful social movement in American history In a provocative new assessment of its success David Chappell argues that the story of civil rights is not a story of the ultimate triumph of liberal ideas after decades of gradual progress Rather it is a story of the power of religious tradition Chappell reconsiders the intellectual roots of civil rights reform showing how northern liberals faith in the power of human reason to overcome prejudice was at odds with the movement s goal of immediate change Even when liberals sincerely wanted change they recognized that they could not necessarily inspire others to unite and fight for it But the prophetic tradition of the Old Testament sometimes translated into secular language drove African American activists to unprecedented solidarity and self sacrifice Martin Luther King Jr Fannie Lou Hamer James Lawson Modjeska Simkins and other black leaders believed as the Hebrew prophets believed that they had to stand apart

from society and instigate dramatic changes to force an unwilling world to abandon its sinful ways Their impassioned campaign to stamp out the sin of segregation brought the vitality of a religious revival to their cause Meanwhile segregationists found little support within their white southern religious denominations Although segregationists outvoted and outgunned black integrationists the segregationists lost Chappell concludes largely because they did not have a religious commitment to their cause *Ebony*, 1966-10 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine *The Making of Martin Luther King and the Civil Rights Movement* Brian Ward, Anthony J.
