**Making Women's Medicine Masculine** Monica H. Green, 2008-03-20 Using sources ranging from the famous 12th century female practitioner Trotta of Salerno through to the great tomes of Renaissance male physicians this is a pioneering study challenging the common belief that prior to the 18th century men were never involved in any aspect of women's healthcare in Europe

**Manly Meals and Mom's Home Cooking** Jessamyn Neuhaus, 2012-03-15 A study of what American cookbooks from the 1790s to the 1960s can show us about gender roles food and culture of their time From the first edition of The Fannie Farmer Cookbook to the latest works by today's celebrity chefs cookbooks reflect more than just passing culinary fads As historical artifacts they offer a unique perspective on the cultures that produced them In Manly Meals and Mom's Home Cooking Jessamyn Neuhaus offers a perceptive and piquant analysis of the tone and content of American cookbooks published between the 1790s and the 1960s adroitly uncovering the cultural assumptions and anxieties particularly about women and domesticity they contain Neuhaus's in depth survey of these cookbooks questions the supposedly straightforward lessons about food preparation they imparted While she finds that cookbooks aimed to make readers mainly white middle class women into effective modern age homemakers who saw joy not drudgery in their domestic tasks she notes that the phenomenal popularity of Peg Bracken's 1960 cookbook The I Hate to Cook Book attests to the limitations of this kind of indoctrination At the same time she explores the proliferation of bachelor cookbooks aimed at the man in the kitchen and the biases they display about male and female abilities tastes and responsibilities Neuhaus also addresses the impact of World War II rationing on homefront cuisine the introduction of new culinary technologies gourmet sensibilities and ethnic foods into American kitchens and developments in the cookbook industry since the 1960s More than a history of the cookbook Manly Meals and Mom's Home Cooking provides an absorbing and enlightening account of gender and food in modern America An engaging analysis Neuhaus provides a rich and well researched cultural history of American gender roles through her clever use of cookbooks Sarah Eppler Janda History Reviews of New Books With sound scholarship and a focus on prescriptive food literature Manly Meals makes an original and useful contribution to our understanding of how gender roles are institutionalized and perpetuated Warren Belasco senior editor of The Oxford Encyclopedia of American Food and Drink An excellent addition to the history of women's roles in America as well as to the history of cookbooks Choice

**A Man, a Can, a Plan** David Joachim, 2002-06-17 Presents sixty simple and inexpensive recipes featuring canned foods providing easy to follow illustrated steps in a lay flat design and offering suggestions for such occasions as cooking for a woman and preparing a meal for the morning after 35 000 first printing

**Hippocratic Recipes** Laurence M. V. Totelin, 2009 Drawing on philological studies social history and anthropology this book offers the first extended study of the recipes included in the Hippocratic Corpus It examines the links between oral and written traditions in the transmission of ancient pharmacological knowledge

**Manuscript Recipe Books as Archaeological Objects** Madeline Shanahan, 2014-11-18 During

the mid to late seventeenth century women in Irish houses from elite backgrounds started to collect recipes which they recorded in domestic manuscripts While these manuscripts were made elsewhere at an earlier date they were an almost entirely new arrival to Ireland in this period and their sudden proliferation said much about changes taking place in society at large This book is a detailed study of such manuscripts from the perspective of historical archaeology which will argue that they are artifacts which clearly demonstrate that a profound series of changes was taking place The written word penetrated people s daily lives and homes to a degree that it had not in previous periods and it had a profound influence on how they related to their world objects and each other While this book will address how we can use them as sources for the study of food history and material culture it is ultimately concerned with the meanings of manuscript recipe books and specifically what they say about the individuals and society that made them The proliferation of these manuscripts signaled a profound change not just in cuisine but also in the way people thought about and related to food as a form of material culture Ultimately this book will argue that these manuscripts are not simply excellent records which can tell us about material culture within the early modern house but that they are a profoundly important type of artifact in their own right

Undertaking research that situates textual objects such as recipe books at the very core of historical archaeology is critical to understanding some of the most significant changes that took place in the early modern world Rosemary Gladstar's

Masculinity at the Movies Thomas Keith,2025-06-05 Masculinity at the Movies takes a deep dive into masculinity in film and how Hollywood movies continue to produce and promote masculine stereotypes that place boys and men in constraining identities and dysfunctional patterns of behaviour From classic film stars to those of the present day this textbook unpacks the development of the main male stereotypes in film villains heroes and oafs and how movies can develop healthy new male representations Alongside Hollywood studio productions it delves into Black Native American Latino and Asian representation as well as LGBTQ masculinity Going beyond the present it proposes what healthy masculinity at the movies looks like and where Hollywood should set its sights to create more progressive models of masculinity for the 21st century Masculinity at the Movies will provide students of gender studies media studies and cultural studies with new insights into stereotypes of men in contemporary film

**Cooking Lessons** Sherrie A. Inness,2001-08-07 Meatloaf fried chicken Jell O cake because foods are so very common we rarely think about them much in depth The authors of Cooking Lessons however

believe that food is deserving of our critical scrutiny and that such analysis yields many important lessons about American society and its values This book explores the relationship between food and gender Contributors draw from diverse sources both contemporary and historical and look at women from various cultural backgrounds including Hispanic traditional southern White and African American Each chapter focuses on a certain food teasing out its cultural meanings and showing its effect on women s identity and lives For example food has often offered women a traditional way to gain power and influence in their households and larger communities For women without access to other forms of creative expression preparing a superior cake or batch of fried chicken was a traditional way to display their talent in an acceptable venue On the other hand foods and the stereotypes attached to them have also been used to keep women and men too from different races ethnicities and social classes in their place

*A Taste of Power* Katharina Vester,2015-10-02 *A Taste of Power* is an investigation of the crucial role culinary texts and practices played in the making of cultural identities and social hierarchies since the founding of the United States Nutritional advice and representations of food and eating including cookbooks literature magazines newspapers still life paintings television shows films and the internet have helped throughout American history to circulate normative claims about citizenship gender performance sexuality class privilege race and ethnicity while promising an increase in cultural capital and social mobility to those who comply with the prescribed norms The study examines culinary writing and practices as forces for the production of social order and at the same time as points of cultural resistance against hegemonic norms especially in shaping dominant ideas of nationalism gender and sexuality suggesting that eating right is a gateway to becoming an American a good citizen an ideal man or a perfect mother Cookbooks as a low prestige literary form became the largely unheralded vehicles for women to participate in nation building before they had access to the vote or public office for middle class authors to assert their class privileges for men to claim superiority over women even in the kitchen and for Lesbian authors to reinscribe themselves into the heteronormative economy of culinary culture The book engages in close reading of a wide variety of sources and genres to uncover the intersections of food politics and privilege in American culture Provided by publisher

*Ancient Greek Love Magic* Christopher A. FARAONE,Christopher A Faraone,2009-06-30 The ancient Greeks commonly resorted to magic spells to attract and keep lovers as numerous allusions in Greek literature and recently discovered voodoo dolls magical papyri gemstones and curse tablets attest Surveying and analyzing these various texts and artifacts Christopher Faraone reveals that gender is the crucial factor in understanding love spells There are he argues two distinct types of love magic the curselike charms used primarily by men to torture unwilling women with fiery and maddening passion until they surrender sexually and the binding spells and debilitating potions generally used by women to sedate angry or philandering husbands and make them more affectionate Faraone s lucid analysis of these spells also yields a number of insights about the construction of gender in antiquity for example the femininity of socially inferior males and the maleness of autonomous prostitutes Most significantly

his findings challenge the widespread modern view that all Greek men considered women to be naturally lascivious Faraone reveals the existence of an alternate male understanding of the female as naturally moderate and chaste who uses love magic to pacify and control the naturally angry and passionate male This fascinating study of magical practices and their implications for perceptions of male and female sexuality offers an unusual look at ancient Greek religion and society

*Antislavery Violence* John R. McKivigan, Stanley Harrold, 1999 During the sixty years preceding the Civil War violent means were often used to combat slavery in the United States In this collection of essays ten scholars explore the circumstances in which such violence arose the aims of those responsible for it and its impact on events of the day Reflecting a variety of perspectives and approaches this is the first book devoted exclusively to this important subject Previous studies have concentrated on how white northeastern professedly nonviolent abolitionists sometimes endorsed or engaged in forceful action against slavery This volume goes beyond that emphasis to examine the role of antislavery violence in a variety of regional racial ideological and chronological contexts Its broad focus includes southern slave rebels antislavery women in Kansas violent slave rescuers in Ohio and northern antislavery politicians *Antislavery Violence* challenges the notion that violence within the antislavery movement was unusual prior to the 1850s showing that such violence in fact lay deep in American history and culture It establishes that antislavery violence served to unite slavery's black and white enemies and reveals how antebellum concepts of gender played a role in the justification of or participation in such violence Finally by stressing the role of violence within the antislavery movement the collection encourages a fresh appreciation of that movement as a major precursor to the much more violent Civil War Seeking neither to condemn nor to glorify acts of political violence against slavery these essays reveal them as a product of a particular time culture intellectual framework and political environment The book will challenge readers to ponder the subtlety ambiguity distaste and exaltation with which Americans living a century and a half ago wrestled with the issue of reform through violent means The Editors John R. McKivigan is Mary O'Brien Gibson Professor of History at Indiana University Purdue University at Indianapolis He is the author of *The War against Proslavery Religion Abolitionism and the Northern Churches* Stanley Harrold is professor of history at South Carolina State University and the author of *The Abolitionists and the South* *Handy Household Hints and Recipes*, 1916

***Stirring the Pot*** Laura Sloan Patterson, 2014-01-10 The term domesticity may bring to mind cooking cleaning and tranquil evenings at home During the last few decades however American domesticity has become ever more politicized as third wave feminists conservative critics and others debate the very meaning of home and family Despite this new wave of debate the home particularly the kitchen is comfortable territory for the consolidation of issues of gender space marketplace community and technology in twentieth century literature This work looks closely at a wide variety of southern domestic literature focusing particularly on the role of the family kitchen as a driving force in the narratives of Ellen Glasgow Eudora Welty Lee Smith and Toni Morrison Topics include the overtones of isolation and the almost claustrophobic third

person narration of Glasgow's Virginia and Life and Gabriella the communal kitchen and its role in defining the sexual discourse of Welty's Delta Wedding the unification of national railway lines and its consequences for the traditional Appalachian kitchen in Smith's Oral History and Fair and Tender Ladies and the lasting effects of slavery on the haunted domesticity of the African American kitchen in Morrison's Jazz Paradise and Love

**Food, Feminisms, Rhetorics** Melissa A. Goldthwaite, 2017-06-19 Inspired by the need for interpretations and critiques of the varied messages surrounding what and how we eat Food Feminisms Rhetorics collects eighteen essays that demonstrate the importance of food and food related practices as sites of scholarly study particularly from feminist rhetorical perspectives Contributors analyze messages about food and bodies from what a person watches and reads to where that person shops taken from sources mundane and literary personal and cultural This collection begins with analyses of the historical cultural and political implications of cookbooks and recipes explores definitions of feminist food writing and ends with a focus on bodies and cultures both self representations and representations of others for particular rhetorical purposes The genres objects and practices contributors study are varied from cookbooks to genre fiction from blogs to food systems from product packaging to paintings but the overall message is the same food and its associated practices are worthy of scholarly attention

Hyper Sexual, Hyper Masculine? Brittany C. Slatton, Kamesha Spates, 2016-05-13 This book provides critical insights into the many often overlooked challenges and societal issues that face contemporary black men focusing in particular on the ways in which governing societal expectations result in internal and external constraints on black male identity formation sexuality and black masculine expression Presenting new interview and auto ethnographic data and drawing on an array of theoretical approaches methodologies Hyper Sexual Hyper Masculine explores the formation of gendered and sexual identity in the lives of black men shedding light on the manner in which these are affected by class and social structure It examines the intersecting oppressions of race gender and class while acknowledging and discussing the extent to which black men's social lives differ as a result of their varying degrees of cumulative disadvantage A wide ranging and empirically grounded exploration of the intersecting roles of race masculinity and sexuality on the lives of black men this volume will appeal to scholars across the social sciences with interests in race and ethnicity gender and sexuality social stratification and intersectionality

*Men Who Beat the Men Who Love Them* Patrick Letellier, David Island, 2013-12-02 Domestic violence in gay male relationships is the third largest health problem for gay men in America today Men Who Beat the Men Who Love Them breaks the silence surrounding gay male domestic violence and exposes this hidden yet prevalent and destructive problem The authors paint a vivid picture of gay men's domestic violence bringing its brutality to life by including personal narratives written by one of the authors by clearly defining what it is and what it is not through lists of violent acts and criminal code categories and by thoroughly examining and analyzing the criminal mental health medical political and interpersonal issues involved The authors boldly depart from the battered women's literature by asserting that batterers

have a diagnosable mental disorder that battering is not gender based and that much further criminalization of domestic violence is necessary Striving for victim advocacy the book underscores the idea that gay men s domestic violence is totally unacceptable and is caused solely by individual abusive gay men who choose to batter The book builds on and departs from what is known about domestic violence with the authors challenging several fundamental premises in the literature unabashedly identifying battering as a mental disorder The authors explain that victims cannot stop their battering partners from battering and virtually all batterers choose to harm their partners in a premeditated fashion The authors provide practical steps and suggestions for victims who want to leave and stay away from their violent partners and for friends who want to help battered gay men Chapters describe the scope of the problem and refute myths and misconceptions There are several detailed theory chapters in which the authors explain why gay men s domestic violence occurs who the batterers are who the victims are at different stages of victimization and how domestic violence can be stopped A visionary wide ranging governmental and private plan of action is introduced including lists of necessary laws and policies as well as outlines of strong education training and advertising problems needed in various sectors of society As a self help book Men Who Beat the Men Who Love Them provides practical information on a never before discussed topic As a trainer s manual or teaching guide it includes specific criteria for understanding the problem and for providing treatment

**Prison Recipes and Prison Cookbooks** A.E. Stearns,2024-04-24 Prison Recipes and Prison Cookbooks provides an innovative exploration of U S based prison cookbooks using a narrative criminological approach The book relies on the voices of prison cookbook authors to argue that cookbook narratives are a form of communication with the free world Further the book undertakes thematic analyses of prison cookery and narratives to illuminate the intersections of incarceration with abolition gender literacy and dehumanization The reader is introduced to the power and symbolism of cell made food as well as the agency and resourcefulness of those who cook bake and write about food behind bars Prison Recipes and Prison Cookbooks is of interest to instructors of courses covering the sociology of food criminology human geography and anthropology The book is also appropriate for prison and probation services health organizations and anyone engaged in the criminal legal system abolition movements or social reform

One From Among Thy Brethren H. Raymond Godfrey,2022-02-03 In the New Testament the apostle Paul conveyed Christ s command that Christian men should lead the faith Let your women keep silence in the churches 1 Corinthians 14 34 35 Suffer not a woman to teach nor to usurp authority over the man 1 Timothy 2 11 15 and the family Wives submit yourselves unto your own husbands Colossians 3 18 In the Old Testament Moses conveyed God s command that an Israelite man should lead the nation of Israel One from among thy brethren shalt thou set king over thee Deuteronomy 17 15 It is clear from the Bible that God intends for men to lead the faith family and nation but never has a detailed explanation been given as to why this is the case This book is an endeavor to provide that detailed explanation In 1920 American men granted women the right to vote and thereby relinquished their leadership of the nation to women Since

then men have also relinquished their leadership of the faith and the family to women As a result of men relinquishing their leadership duties the faith family and nation are becoming increasingly separated from God resulting in a growing embrace of sexual immorality homosexuality transgenderism pedophilia pornography abortion irrational fear Marxist ideology Christian persecution fatherless families atheism revisionist history book burning rioting unmanageable debt and so on God has a masculine personality and He wants the faith family and nation to have the same masculine personality This is why He commands Christian men to lead the faith family and nation and this is why today s feminine leadership has separated us from God This growing separation between us and God is frightening and painful to experience and it is destroying the faith family and nation However it has one benefit it allows us to see the devastating consequences of feminine leadership God hates the fact that we are separated from Him and He wants us to come back to Him The only way to do this is to return the faith family and nation to masculine leadership as intended by God and commanded by the Bible     Men & Masculinities Michael S. Kimmel,Amy B. Aronson,2003-12-11 The first encyclopedia to analyze summarize and explain the complexities of men s lives and the idea of modern manhood The process of making masculinity visible has been going on for over two decades and has produced a prodigious and interesting body of work But until now the subject has had no authoritative reference source Men Masculinities a pioneering two volume work corrects the oversight by summarizing the latest historical biological cross cultural psychological and sociological research on the subject It also looks at literature art and music from a gender perspective The contributors are experts in their specialties and their work is directed organized and coedited by one of the premier scholars in the field Michael Kimmel The coverage brings together for the first time considerable knowledge of men and manhood focusing on such areas as sexual violence intimacy pornography homophobia sports profeminist men rituals sexism and many other important subjects Clearly this unique reference is a valuable guide to students teachers writers policymakers journalists and others who seek a fuller understanding of gender in the United States     **Anxious Masculinity in Early Modern England** Mark Breitenberg,1996-03-14 Explores the importance of heterosexual masculine identity in Renaissance literature and culture
