Directory of American Scholars, 1982 Eighteenth-Century Thing Theory in a Global Context Ileana Baird, Christina Ionescu, 2016-04-29 Exploring Enlightenment attitudes toward things and their relation to human subjects this collection offers a geographically wide ranging perspective on what the eighteenth century looked like beyond British or British colonial borders To highlight trends fashions and cultural imports of truly global significance the contributors draw their case studies from Western Europe Russia Africa Latin America and Oceania This survey underscores the multifarious ways in which new theoretical approaches such as thing theory or material and visual culture studies revise our understanding of the people and objects that inhabit the phenomenological spaces of the eighteenth century Rather than focusing on a particular geographical area or on the global as a juxtaposition of regions with a distinctive cultural footprint this collection draws attention to the unforeseen relational maps drawn by things in their global peregrinations celebrating the logic of serendipity that transforms the object into some thing else when it is placed in a new locale *The Fairy Tale World* Andrew Teverson, 2019-03-26 The Fairy Tale World is a definitive volume on this ever evolving field The book draws on recent critical attention contesting romantic ideas about timeless tales of good and evil and arguing that fairy tales are culturally astute narratives that reflect the historical and material circumstances of the societies in which they are produced The Fairy Tale World takes a uniquely global perspective and broadens the international cultural and critical scope of fairy tale studies Throughout the five parts the volume challenges the previously Eurocentric focus of fairy tale studies with contributors looking at the contrast between traditional canonical fairy tales and more modern reinterpretations responses to the fairy tale around the world including works from every continent applications of the fairy tale in diverse media from oral tradition to the commercialized films of Hollywood and Bollywood debates concerning the global and local ownership of fairy tales and the impact the digital age and an exponentially globalized world have on traditional narratives the fairy tale as told through art dance theatre fan fiction and film This volume brings together a selection of the most respected voices in the field offering ground breaking analysis of the fairy tale in relation to ethnicity colonialism feminism disability sexuality the environment and class An indispensable resource for students and scholars alike The Fairy Tale World seeks to discover how such a traditional area of literature has remained so enduringly relevant in the modern world *Understanding Children's Literature* Peter Hunt, 2005 Edited by Peter Hunt a leading figure in the field this book introduces the study of children's literature addressing theoretical questions as well as the most relevant critical approaches to the discipline The fourteen chapters draw on insights from academic disciplines ranging from cultural and literary studies to education and psychology and include an essay on what writers for children think about their craft The result is a fascinating array of perspectives on key topics in children's literature as well as an introduction to such diverse concerns as literacy ideology stylistics feminism history culture and bibliotherapy An extensive general bibliography is complemented by lists of further reading for each

chapter and a glossary defines critical and technical terms making the book accessible for those coming to the field or to a particular approach for the first time In this second edition there are four entirely new chapters contributors have revisited and revised or rewritten seven of the chapters to reflect new thinking while the remaining three are classic essays widely acknowledged to be definitive Understanding Children s Literature will not only be an invaluable guide for students of literature or education but it will also inform and enrich the practice of teachers and librarians **International**

Danny to a campus wide debate scheduled for the first Saturday in March Dean Moreland had approved of the debate On a personal note Danny spends a marvelous Thanksgiving with the Lowry s while Karen spends a very exciting and event fi lled week at the Carters for Christmas Much drama ensues as Karen discovers that she looks amazingly like Danny s sister Mary and then Mary springs a Christmas shocker surprise on everyone Meanwhile Peter Grayson discovers that solid facts that support the naturalist position are few and far between Because of this the EU administration is furious that Danny was not soundly defeated in the campus debate on creationism vs naturalism They are even more furious when Danny is forced to reveal that he is planning to bring a Christian club onto campus The tension that develops from this angst sweeps up the reader in the culminating chapter of the book as one realizes what a great price must be paid by those who go into the elite venues of the world to be a witness
