

Example commentary

Claim-Protesting is overdone and abused in our society; people should only protest when they feel strongly about an issue.

Evidence: “These days not a week goes by without news that a massive crowd has amassed in the street of another of the world’s big cities.”

Sample Commentary 1: I cannot think of the last time I went on social media and wasn’t bombarded with people talking about protests this or boycotting that. People should be focused on positives and making the world better rather than constantly complaining and protesting every little thing.

Sample Commentary 2-I know I just love hearing about protesting, boycotting, and sit-ins every time I look at my phone or turn on the television. I know I don’t have enough stress in my life without hearing other people complain all the time.

Sample Commentary 3- How many times have you gone to flip through your phone in an effort to relax and be distracted for a moment from life’s daily struggles, but instead your feed is flooded with protesting and politics? Protesting is just so overused in our society. We do not need to protest every little issue- there are other ways to deal with society’s struggles.
