**Resources in Education** ,1982      **Learning and Leading with Technology** ,2003      *Teaching and Learning Mathematics* Linda Jensen Sheffield,Douglas E. Cruikshank,2004-03-29 Help students make sense of mathematics Rather than merely discussing how to improve students ability to do mathematics this fifth edition focuses on helping them make sense of mathematics Based on research on the functioning of the mind as it engages in learning the text supports teachers as they promote mathematical understanding strengthen students abilities to think and help students to attain computational fluency Features A rich collection of ready to use learning activities Fully integrated language and intent of Principles and Standards for School Mathematics PSSM A greater emphasis on problem solving and higher level thinking A greater focus on teaching mathematics to diverse learners Descriptions of a variety of promising and effective mathematics programs for the K 8 levels      **Harcourt School Publishers Math** Harcourt School Publishers,2011-10      **Envision Math 2009 National Home School Bundle Kit Grade K** ,2008-01-01 Engage Every Learner with enVisionMATH Getting your child excited about mathematics can be a challenge However if you select a curriculum for homeschooling that focuses on using hands on activities and visual aids you ll have the tools you need to help your child grow in the subject enVisionMATH is the perfect system to meet that goal This homeschool curriculum bundle is designed using Grade appropriate content that s meant to keep your child engaged and cater to his or her learning style Using diagrams and other visual aids enVisionMATH will enhance your child s problem solving skills while teaching him or her important math concepts Of course all that will occur as your child progresses through the various levels of enVisionMATH First your child must tackle the kindergarten content At this age he or she will need to build a foundation in mathematics learning very basic skills such as adding and subtracting The enVisionMATH Kindergarten curriculum for homeschooling will help you create lesson plans that are rooted in interaction keeping your child focused on math learning enVisionMATH Kindergarten is comprised of content that promotes conceptual understanding and problem solving The visual aids used in enVisionMATH Kindergarten are geared toward solidifying your child s knowledge of basic math concepts while teaching him or her how to solve problems Lesson units all center on a topic allowing your child to zero in on a single idea at a time and master it before moving on to the next math concept Your child will have worksheets and activities to complete every day to help him or her develop a strong math foundation The enVisionMATH Kindergarten set includes exercises for your child to complete as well as quizzes presented in a game show format sure to keep your child interested This fun and additional math content not only creates an opportunity for practice but helps your child get excited about the subject For more information about the details of enVisionMATH Kindergarten s design take a look at the Features and Benefits page      **Envision Math 2009 National Home School Bundle Kit Grade 1** ,2008-01-01 Engage Every Learner with enVisionMATH Grade 1 is the next step in advancing your child s math education At this stage you should be developing lesson plans that lay the foundation for your child s future

learning and enVisionMATH Grade 1 will help you do so Filled with hands on activities interactive lesson ideas and visual aids this curriculum for homeschooling will keep your child interested as he or she learns Grade 1 picks up right where the Kindergarten material ends giving you and your child a seamless transition into the next phase of his or her education Your child will love the bright colors used in the enVisionMATH materials and you ll enjoy how comprehensive and supportive the system is In fact enVisionMATH Grade 1 comes with a workbook that includes engaging math activities a CD that provides game style math quizzes and a CD designed to help you the teacher With all these great materials you re sure to help your child achieve a strong math foundation by the completion of the 12 week series When your child finishes enVisionMATH Grade 1 he or she should be able to Count to 100 using intervals of one five and 10 Break up numbers using intervals i e 15 is equal to 10 plus 5 Add and subtract using numbers one through 20 Use objects and drawings to express math concepts such as addition and subtraction Recognize patterns and shapes Draw 2 D shapes Measure objects using units of measurement enVisionMATH Grade 1 is structured intelligently so your child feels like he or she is working on math and subject goals rather than tackling random questions Between the interactive problems the dynamic lessons you design using enVisionMATH and the colorful image guides your child is sure to develop a strong foundation in math For more information about the components included in enVisionMATH Grade 1 take a look at the Features and Benefits page
