used in the Bf 109E Despite making an inauspicious combat debut during the Battle of Midway in June 1942 the Judy eventually proved to be an important asset for the IJNAF during battles in the latter years of the Pacific War Its great successes resulted in the sinking of the escort carrier USS Princeton in an early kamikaze attack of the Philippines and the near sinking of the fleet carrier USS Franklin in a dive bombing attack off Japan While the Judy had an impressive top speed like its predecessor and many other Japanese military aircraft it possessed design shortcomings including inadequate armour protection for its aircrew and no self sealing fuel tanks As a result when pitted against new advanced US Navy fighters suffered horrendous losses During the final months of World War 2 it became apparent that there would be no Japanese victory Acting out of desperation the IJNAF employed the Judy in the dreaded kamikaze role in which it excelled due to its high speed characteristics Most notably the D4Y mounted one of the last combat actions of World War 2 when a flight of 11 Judies personally led by the instigator of the suicide attacks Vice Admiral Matome Ugaki took off on a search mission on August 15 1945 This volume chronicles the action packed wartime exploits of Japan s finest dive bomber of World War 2
