Caring Hearts and Critical Minds Steven Wolk,2023-10-10 Imagine if going to school meant more than preparing kids for a test teaching a canned curriculum and training students for their future as workers What if school were also about cultivating students to be caring community involved citizens and critical creative thinkers who love to read In Caring Hearts Critical Minds teacher author Steven Wolk shows teachers how to help students become better readers as well as better people I want my students to be thinkers and

have rich conversations regarding critical issues in the text and be able to formulate opinions regarding these issues says Leslie Rector a sixth grade teacher who collaborated with Wolk on some of the units featured in this book Wolk demonstrates how to integrate inquiry learning exciting and contemporary literature and teaching for social responsibility across the curriculum He takes teachers step by step through the process of designing an inquiry based literature unit and then provides five full units used in real middle grade classrooms Featuring a remarkable range of recommended resources and hundreds of novels from across the literary genres Caring Hearts Critical Minds gives teachers a blueprint for creating dynamic units with rigorous lessons about topics kids care about sf from media and the environment to personal happiness and global poverty Wolk shows teachers how to find stimulating real world complex texts called for in the Common Core State Standards and integrate them into literature units I know from experience that a great book changes the reader says Karen Tellez an eighth grade teacher featured in the book For me books have helped me escape fall in love recover from heartbreak and have broken open my mind from the age of twelve I hope my students gain better reading comprehension confidence as readers connections to the characters and events a curiosity for the world and tolerance for others Caring Hearts Critical Minds shows teachers how to turn these hopes and goals into reality *Getting to the Core of Writing: Essential Lessons for Every Sixth Grade Student* Richard Gentry, Jan McNeel, 2012-10-01 Inspire students to develop as writers in the sixth grade classroom with these engaging and creative writing lessons This classroom tested resource shows positive results in students writing and simplifies the planning of writing instruction It contains detailed information on how to establish and manage daily Writer s Workshop and includes consistent structured instruction to encourage students to actively participate in the writing process Specific lessons to help students develop the traits of quality writing are also included *Learn to Think and Write* Una McGinley Sarno, 2011-11-08 The EPILLAW Paradigm is a practical method for developing writing skills It consists of an original nine level taxonomy and sequential methodology of listening speaking writing and reading In this method the development of writing precedes the development of reading The work consists of two books In the introductory book the author explicates the first six levels The behaviors involved in EPILLAW train the student how to think consecutively and logically The first three levels establish the concrete assimilation of knowledge the middle three elevate the students cognitive ability from the concrete to the abstract cognition of knowledge Through charting the students learn the EPILLAW essencing modality that enables them to think abstractly Lastly having achieved the skill of abstraction the student can personalize ideas and from there develop writing proficiency In the advanced book the author explores the final three levels of the writing process **They Also Write for Kids** Suzanne Manizza Roszak, 2022-12-28 Outside the world of children s literature studies children s books by authors of well known texts for adults are often forgotten or marginalized Although many adults today read contemporary children s and young adult fiction for pleasure others continue to see such texts as unsuitable for older audiences and they are unlikely to cross read children s books that were themselves cross written by

authors like Chinua Achebe Anita Desai Joy Harjo or Amy Tan Meanwhile these literary voices have produced politically vital works of children s literature whose complex themes persist across boundaries of expected audience These works form part of a larger body of activist writing for children that has long challenged preconceived notions about the seriousness of such books and ideas about who in fact should read them They Also Write for Kids Cross Writing Activism and Children s Literature seeks to draw these cross writing projects together and bring them to the attention of readers In doing so this book invites readers to place children s literature in conversation with works more typically understood as being for adult audiences read multiethnic US literature alongside texts by global writers consider children s poetry and nonfiction as well as fiction and read diachronically as well as cross culturally These ways of reading offer points of entry into a world of books that refuse to exclude young audiences in scrutinizing topics that range from US settler colonialism and linguistic prejudice to intersectional forms of gender inequality The authors included here also employ an intricate array of writing strategies that challenge lingering stereotypes of children s literature as artistically as well as intellectually simplistic They subversively repurpose tropes and conventions from canonical children s books embrace an epistemology of children s literature that emphasizes ambiguity and complexity invite readers to participate in redefining concepts such as civilization and cultural belonging engage in intricate acts of cross cultural representation and re envision their own earlier works in new forms tailored explicitly to younger audiences Too often disregarded by skeptical adults these texts offer rich rewards to readers of all ages and here they are brought to the fore
