Changing Practices for the L2 Writing Classroom Nigel A. Caplan, Ann Johns, 2019-04-26 This volume was written to make the case for changes in second language writing practices away from the five paragraph essay and toward purposeful meaningful writing instruction As the volume editors say If you have already rejected the five paragraph essay we offer validation and classroom tested alternatives If you are new to teaching L2 writing we introduce critical issues you will need to consider as you plan your lessons and as you consider review the textbooks and handbooks that continue to promote the teaching of the five paragraph essay If you need ammunition to present to colleagues and administrators we present theory research and pedagogy that will benefit students from elementary to graduate school If you are skeptical about our claims we invite you to review the research presented here and consider what your students could do beyond writing a five paragraph essay if you enacted these changes in practice Part 1 discusses what the five paragraph essay is not it is not a very old established form of writing it is not a genre and it is not universal Part 2 looks at writing practices to show the essay s

ineffectiveness in elementary schools secondary schools first year writing classes university writing courses undergraduate discipline courses and graduate school Part 3 looks beyond the classroom at testing At the end of each chapter the authors all well known in the field of second language writing suggest changes to teaching practices based on their theoretical approach and classroom experience The book closes by reviewing some of the major questions raised in the book by exploring which questions have been left unanswered and by offering suggestions for teachers who want to move away from the five paragraph essay An assignment sequence for genre aware writing instruction is included *Empowering Excellence* Jeff Halstead, 2014-07-02 Empowering Excellence inspires a revolution in teaching and assessment practices These methods of teaching and grading represent a major step ahead in how teachers assess and interact with students Empowering Excellence presents 12 significant shifts that encourage motivation build confidence and measure what students know and are able to do based on the Common Core State Standards or equivalent standards in a highly supportive student centered environment Teachers administrators and education professors will find ideas that will transform classrooms into places where students are filled with confidence and empowered to strive for excellence *Reading, Writing, and Rigor* Nancy Boyles, 2018-04-12 What does rigor a word that frequently pops up in conversations about education really mean More specifically what does it mean for literacy instruction and how does it relate to challenging standards based assessments In this informative and practical guide literacy expert Nancy Boyles uses the framework from Webb's Depth of Knowledge DOK to answer these questions offering experience based advice along with specific examples of K-8 assessment items Boyles defines rigor and shows how it relates to literacy at each DOK level and explains the kind of thinking students will be expected to demonstrate She then tackles the essence of what teachers need to know about how DOK and its associated rigors are measured on standards based assessments Specifically readers learn how each DOK rigor aligns with standards text complexity close reading student interaction the reading writing connection and formative assessment Teachers coaches and administrators will find clear guidance easy to implement strategies dozens of useful teaching tools and resources and encouragement to help students achieve and demonstrate true rigor in reading and writing **Learning That Lasts** Ron Berger, Libby Woodfin, Anne Vilen, 2016-02-17 A practical guide to deeper instruction a framework for challenging engaging and empowering students of all ages For schools to meet ambitious new standards and prepare all students for college careers and life research has shown unequivocally that nothing is more important than the quality of daily instruction Learning That Lasts presents a new vision for classroom instruction that sharpens and deepens the quality of lessons in all subject areas It is the opposite of a teacher proof solution Instead it is predicated on a model of instruction that honors teachers as creative and expert planners of learning experiences for their students and who wish to continuously grow in their instructional and content knowledge It is not a theoretical vision It is a model of instruction refined in some of the nation's most successful public schools schools that are beating the odds to create remarkable achievement sited primarily in

urban and rural low income communities Using case studies and examples of powerful learning at all grade levels and in all disciplines Learning That Lasts is a guide to creating classrooms that promote deeper understanding higher order thinking and student independence Through text and companion videos readers will enter inspiring classrooms where students go beyond basics to become innovators collaborators and creators Learning That Lasts embraces a three dimensional view of student achievement that includes mastery of knowledge and skills character and high quality work It is a guide for teachers who wish to make learning more meaningful memorable and connected to life and inspire students to do more than they think possible

The Better Writing Breakthrough Eleanor Dougherty, Laura Billings, Terry Roberts, 2016-03-04 Every teacher knows the challenge of trying to engage reluctant readers and struggling writers students whose typical response to a writing prompt is a few sentence fragments scribbled on a sheet of paper followed by an elaborate shrug of the shoulders The best way to engage less confident readers and writers is to give them something powerful to think about The Discourse and Writing Cycle explores writing as a means to focus student thinking fuel deeper learning and build complex understanding in English social studies math and science This field tested approach from well respected experts Eleanor Dougherty Laura Billings and Terry Roberts is designed for use in grades 4 12 The book explores the three interrelated sequences of the cycle the Discourse Sequence the Transition to Writing Sequence and the Writing Sequence and includes classroom examples and sample lesson plans from across the content areas The cycle will inspire you as a teacher and help you to inspire your students to write with confidence and competence How often we dim or extinguish the creative sparks that can come from good writing William Butler Yeats proclaimed that Education is not the filling of a pail but the lighting of a fire This book lights the fire for the teaching of writing John Hattie author of the Visible Learning books

The Human Scaffold Josh Berson, 2021-03-23 Humanity has precipitated a planetary crisis of resource consumption a crisis of stuff So ingrained is our stuff centric view that we can barely imagine a way out beyond substituting a new portmanteau of material things for the one we have today In The Human Scaffold anthropologist Josh Berson offers a new theory of adaptation to environmental change Drawing on niche construction evolutionary game theory and the enactive view of cognition Berson considers cases in the archaeology of adaptation in which technology in the conventional sense was virtually absent Far from representing anomalies these cases exemplify an enduring feature of human behavior that has implications for our own fate The time has come to ask what the environmental crisis demands of us not as consumers but as biological beings The Human Scaffold offers a starting point

Exploring Technology for Writing and Writing Instruction Pytash, Kristine E., 2013-07-31 As digital technologies continue to develop and evolve an understanding of what it means to be technologically literate must also be redefined Students regularly make use of digital technologies to construct written text both in and out of the classroom and for modern writing instruction to be successful educators must adapt to meet this new dichotomy Exploring Technology for Writing and Writing Instruction examines the use of writing technologies in early childhood
