cars available Convertibles represent the exact opposite of that description so it s amazing that these drop tops ever emerged amid the circle of full throttle dragsters While typical convertible drivers cruised around listening to the latest Lovin Spoonful release in the eight track tape deck these muscle car convertibles were equipped for rock n roll speed These topless muscle cars are so rare because few people had the dedication or money to buy a vehicle this impractical They re valuable because they represent the absolute extreme of the entire muscle car genre All the cars in Wide Open Muscle are shot in similar fashion studio style with a black background using a process known as light painting It is the ultimate portrayal of the ultimate muscle cars
