

ARUF AIR HANDLERS

The SmartFrame™ Sub-Structure

At the core of the ARUF Air Handler design is the SmartFrame inner skeleton. This skeleton not only adds lateral stability to the chassis, but also provides a mounting location for all internal components and provides additional insulation retention.

- 21" depth for easier attic access
- Foil-faced insulation internally covers the entire blower case reducing operating sound and cabinet condensation potential
- Coil-mounting track for quick 4-way, multi-positioning

Compare the ARUF Air Handler advantages to other Goodman® brand models:
