Bulletin's iconic Doomsday Clock stimulates solutions for a safer world *The Tragedy of Hamlet, Prince of Denmark*
 William Shakespeare, 2015-01-02 George Lyman Kittredge's insightful editions of Shakespeare have endured in part because of his eclecticism, his diversity of interests and his wide-ranging accomplishments, all of which are reflected in the valuable notes in each volume. These new editions have specific emphasis on the performance histories of the plays on stage and screen. Features of each edition include: The introduction to the original Kittredge Edition; Editor's Introduction to the Focus Edition; An overview on major themes of the plays and sections on the play's performance history on stage and screen; Explanatory Notes. The explanatory notes either expand on Kittredge's superb glosses or, in the case of plays for which he did not write notes, give the needed explanations for Shakespeare's sometimes demanding language. Performance notes. These appear separately and immediately below the textual footnotes and include discussions of noteworthy stagings of the plays, issues of interpretation, and film and stage choices. How to read the play as Performance. Section A: a discussion of the written play vs. the play as performed and the various ways in which Shakespeare's words allow the reader to envision the work off the page. Comprehensive Timeline. Covering major historical events with brief annotations as well as relevant details from Shakespeare's life. Some of the Chronologies include: time chronologies within the plays; Topics for Discussion and Further Study. Section C: Critical Issues. Dealing with the text in a larger context and considerations of character, genre, language, and interpretative problems. Performance Issues. Problems and intricacies of staging the play connected to chief issues discussed in the Focus Editions. Introduction. Select Bibliography. Filmography. Images from major productions for comparison and scene study **Being a Teacher** Carol Thompson, Peter Wolstencroft, 2021-06-02 There are many elements to learning how to be a teacher. As well as developing subject knowledge for teaching and building practical classroom skills, new teachers must develop the personal professional skills and behaviours needed to be a teacher. This book outlines the skills and behaviours involved in being a teacher and explores how to develop these attributes and build your teacher identity. It supports you to enhance your personal effectiveness and your teaching, understand the importance of communication, and learn to communicate with clarity, realise that your reality creates the classroom environment, create a positive and purposeful learning adventure **The Reasoner**, 1855 Method to the Madness B.H. James, Elizabeth James, 2016-04-08 This book is ideal for the thousands of teachers who entered the profession in the last ten years and taught prescribed curriculum geared toward end-of-year bubble testing. Its intent is to empower districts and their teachers to create their own free curriculum that will exceed the expectations of Common Core assessments as well as create life-long learners that are college and career-ready. By employing inquiry-based units of study that insist on the use of iconic literature at the center, students will be more prepared for what awaits them with Common Core exams **Bulletin of the Atomic Scientists**, 1970-06 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security. Founded by Manhattan Project Scientists, the Bulletin's iconic Doomsday Clock stimulates
