address specific concerns so providers can easily identify the plan of discharge that most effectively meets the patient's needs. Lists the crucial parts of all standards that specific members of the multidisciplinary team e.g. the nurse, social worker must uphold to work effectively together to achieve optimum patient outcomes. Resources for care and practice direct providers to useful sources to improve patient care and/or enhance their professional practice. Each set of guidelines includes patient, family and caregiver education so that health care providers can supply clients with necessary information for specific problems or concerns. Communication tips identify quantifiable data that assists in providing insurance case managers with information on which to make effective patient care decisions. Several useful sections make the handbook thorough and complete: Medicare guidelines, home care definitions, roles and abbreviations, NANDA approved nursing diagnoses, guidelines for home medical equipment and supplies. Small size for convenient carrying in bag or pocket. Provides the most up to date information about the newest and predominant reimbursement mechanisms in home care: the Prospective Payment System (PPS) and Pay For Performance (P4P). Updated terminology, definitions and language to reflect the federal agency change from Health Care Financing Administration (HCFA) to Centers for Medicare/Medicaid Services (CMS) and other industry changes. Includes the most recent NANDA diagnoses and OASIS form and documentation explanations. New interdisciplinary roles have been added such as respiratory therapist and nutritionist. *LI Handbook of Home Health Care Administration* Marilyn D.
