The series delves into a range of nursing specialties to share what it takes to succeed in each. Together with real life perspectives we share an honest account of what the day to day life of nurses looks like, the ethical conflicts they experience and the mental fortitude required. The world of healthcare is rapidly changing due to technology and nurses will need to adapt to these new innovations while keeping in mind the human connection that is characteristic with patient care. Explore the role of telehealth, artificial intelligence and electronic health records in nursing today. We also discuss how to deal with burnout, stress management, work life balance and how to thrive as a nurse without compromising your health. This book is intended to inform and inspire its readers with input from black and brown nurses, educators and industry leaders. Nursing Pathways will prepare you with the understanding and confidence to guide you through this ever evolving industry, whether you are embarking on your nursing journey or looking to advance your career.
