Happy Birthday Message To My Dead Father:

Big Ray Michael Kimball, 2012-12-06 Big Ray's obesity and his mean temper define him at least to his family. When Big Ray dies, his son Daniel puts his feelings aside for a while. Years later, Daniel attempts to reckon with the enduring outsized memory of his father. In this stunning novel, a middle-aged man comes to terms with his father's death and with his life. Told in five hundred brief entries, the complexity of this searing story moves back and forth between the past and the present between an abusive childhood and an adult understanding. Shot through with humour and insight that will resonate with anyone who has a complicated parental relationship, *Big Ray* is a staggering family story at once brutal and tender, unusual and unsettling.

The Vital Dead Alison Bell, Alison, Kay Bell, 2022 This book builds on recent anthropological work to explore the social and cultural dynamics of cemetery practice and its transformation over generations in Virginia's Shenandoah Valley. Anthropologist Alison Bell finds that people are using material culture images and epitaphs on grave markers as well as objects they leave on graves to assert and maintain relationships and fight against alienation. She draws on fieldwork, interviews, archival sources, and disciplinary insights to show how cemeteries both reveal and participate in the grassroots cultural work of crafting social connections, assessing the transcendental durability of the deceased person, and asserting particular cultural values. The book's chapters range across cemetery types, focusing on African American burials, grave sites of institutionalized individuals, and modern community memorials.

Ox-Bow Janet Cresswell, *An Invisible Sign of My Own* Aimee Bender, 2011-08-17 Aimee Bender's stunning debut collection *The Girl in the Flammable Skirt* proved her to be one of the freshest voices in American fiction. Now in her first novel, she builds on that early promise. Mona Gray was ten when her father contracted a mysterious illness, and she became a quitter, abandoning each of her talents just as pleasure became intense. The only thing she can't stop doing is math. She knocks on wood, adds her steps, and multiplies people in the park against one another. When Mona begins teaching math to second graders, she finds a ready audience. But the difficult and wonderful facts of life keep intruding. She finds herself drawn to the new science teacher who has an unnerving way of seeing through her intricately built facade. Bender brilliantly directs her characters, giving them unexpected emotional depth and setting them in a calamitous world both fancifully surreal and startlingly familiar.

Welcome to Wherever We Are Deborah J. Cohan, 2020-02-14 In this extraordinary memoir, Deborah Cohan shares her story of caring for her elderly father, a man who was often generous and loving but who also subjected her to a lifetime of cruelty, rage, and controlling behavior. Trained as a sociologist and family violence counselor, Cohan reflects on how she healed from decades of emotional abuse.
