How to Speak and Write Correctly Joseph Devlin, 2016-12-03 Learn the Easy Way to Speak and Write Well I found this book by accident while browsing through a now defunct Los Angeles bookstore cafe It was the luckiest accident of my life At that point I had been a professional writer for more than twenty years but I rarely enjoyed my work and I felt all of it was disposable in one way or another At first reading this book gave me an incredible if unfamiliar feeling of joy and self confidence Afterwards I began to surprise the hell out of myself in terms of what I was able to accomplish This little book is very practical and precise The best plan is to follow the best authors and these masters of language will guide you safely along the way There are chapters devoted to all the essential components to make writing interesting Devlin delivers a concise book that allows you to start improving your speech and writing quickly Every writer should have this book as a ready reference and guide Get Your Copy Now

How to Speak and Write Correctly Joseph Devlin, 2020-08-11 It is very easy to learn how to speak and write correctly as for all purposes of ordinary conversation and communication only about 2 000 different words are required The mastery of just twenty hundred words the knowing where to place them will make us not masters of the English language but masters of correct speaking and writing Small number you will say compared with what is in the dictionary But nobody ever uses all the words in the dictionary or could use them did he live to be the age of Methuselah and there is no necessity for using them There are upwards of 200 000 words in the recent editions of the large dictionaries but the one hundredth part of this number will suffice for all your wants Of course you may think not and you may not be content to call things by their common names you may be ambitious to show superiority over others and display your learning or rather your pedantry and lack of learning For instance you may not want to call a spade a spade You may prefer to call it a spatulous device for abrading the surface of the soil Better however to stick to the old familiar simple name that your grandfather called it It has stood the test of time and old friends are always good friends

How to Speak and Write Correctly Joseph Devlin, James Zimmerhoff, 2017-08-02 In the preparation of this little work the writer has kept one end in view viz To make it serviceable for those for whom it is intended that is for those who have neither the time nor the opportunity the learning nor the inclination to peruse elaborate and abstruse treatises on Rhetoric Grammar and Composition To them such works are as gold enclosed in chests of steel and locked beyond power of opening This book has no pretension about it whatever it is neither a Manual of Rhetoric expatiating on the dogmas of style nor a Grammar full of arbitrary rules and exceptions It is merely an effort to help ordinary everyday people to express themselves in ordinary everyday language in a proper manner Some broad rules are laid down the observance of which will enable the reader to keep within the pale of propriety in oral and written language Many idiomatic words and expressions peculiar to the language have been given besides which a number of the common mistakes and pitfalls have been placed before the reader so that he may know and avoid them The writer has to acknowledge his indebtedness to no one in particular but to all in
