

Chapter 3:

Curriculum Theory

Curriculum Theory

Curriculum theory is usually esteemed by scholars in the field as an important component of curriculum studies; it still seems to be held in low regard by most practitioners, who often dismiss it as completely unrelated to their day-to-day work.

Creating the Curriculum Dominic Wyse, 2013 Is there an ideal primary school curriculum Who should decide what the curriculum is Should teachers have autonomy over how they

teach The curriculum is the heart of what teachers teach and learners learn effective teaching is only possible with an effective curriculum Yet in spite of its importance there has been a crisis in curriculum that has been caused in large part by governments assuming direct control over the curriculum assessment and increasingly pedagogy Creating the Curriculum tackles this thorny issue head on challenging student and practising primary school teachers to think critically about past and present issues and to engage with a new wave of curriculum thinking and development Considering curriculum construction and its impact on teaching and learning in the four countries of the UK key issues considered include who should decide the curriculum its aims and its values the extent to which issues in primary education swing back and forth Subjects versus thematic organisation stages and phases progression breadth and balance prescription versus teacher autonomy the key features of effective classroom practice strategies for assessing the whole curriculum how language in the classroom influences curriculum design understanding curricula in the context of children s social and personal circumstances creativity curriculum and the classroom Illustrated throughout with strategies and case studies from the classroom Creating the Curriculum accessibly links the latest research and evidence with concrete examples of good practice It is a timely exploration of what makes an effective and meaningful curriculum and how teachers can bring new relevance motivation and powerful values to what they teach

Qualitative Research and Transformative Results

Jessy Jaison, 2018-04-19 An immensely valuable resource for those who seek to do qualitative research in theological education Jessy Jaison s Qualitative Research and Transformative Results calls for the holistic transformation of the church and society by helping researchers and their mentors develop capacities that will be up to the task This masterful work informs and inspires researchers to explore the qualitative domain in theological research as a vital link between the academy and the world Bringing a fresh perspective to theological study in human socio cultural environments through eight comprehensive chapters it offers theoretical and practical guidance on every aspect of qualitative inquiry

Leadership in Diverse Learning Contexts Greer Johnson, Neil Dempster, 2016-04-29 This book presents the outcomes of research and practical endeavour in some of the diverse contexts in which learning takes place classrooms schools professional development settings community projects and service sector agencies It invites the reader to engage with two related questions of contemporary concern in the leadership field What can we learn about the important influence of different contexts on leadership practice and how are people brought together as collective human agents in different patterns of distributive leadership In doing so this collection emphasises three of the critical concepts at play when leadership is viewed not as position but as activity The three concepts are purpose context and human agency When this view of leadership is understood it is always about achieving shared goals with people power no matter the circumstances in which they are gathered together

Becoming a Teacher: Knowledge, Skills and Issues Maggie Clarke, Sharon Pittaway, 2014-04-23 Marsh s Becoming a Teacher 6e continues to offer pre service teachers a practical and user friendly guide to learning to teach that students find invaluable throughout their entire degree

Marsh covers a comprehensive introduction to teaching methodology preparing pre service teachers for the challenges they face in a 21st century classroom All chapters in this new edition have been updated with new approaches and current references by the two new authors Maggie Clarke and Sharon Pittaway The approach in this 6th edition is more reflective and gives readers an even greater opportunity to interact with issues raised in the text *Handbook of Global Education Policy* Karen Mundy, Andy Green, Bob Lingard, Antoni Verger, 2016-05-02 This innovative new handbook offers a comprehensive overview of the ways in which domestic education policy is framed and influenced by global institutions and actors Surveys current debates about the role of education in a global polity highlights key transnational policy actors accessibly introduces research methodologies and outlines global agendas for education reform Includes contributions from an international cast of established and emerging scholars at the forefront of the field thoughtfully edited and organized by a team of world renowned global education policy experts Each section features a thorough introduction designed to facilitate readers understanding of the subsequent material and highlight links to interdisciplinary global policy scholarship Written in an accessible and engaging style that will appeal to domestic and international policy practitioners social scientists and education scholars alike Teacher Beliefs and Classroom Performance James Rath, Amy C. McAninch, 2003-12-01 This volume of *Advances in Teacher Education* is about beliefs held by teachers and addresses the important topic of teacher beliefs from a variety of disciplinary perspectives Most of the authors who have contributed to this collection of essays assume that beliefs are propositions that are felt to be true by the person embracing them but that do not necessarily rest on the kind of evidence that justifies the use of the term knowledge Teacher beliefs are an important topic because it is hypothesized that teachers and teacher candidates use them to shape the information they receive from formal teacher preparation and to direct subsequent decision making in the classroom
