Bob Glickstein delves deep into the features that permit far reaching Emacs customizations. He teaches you the Lisp language and discusses Emacs topics such as syntax tables and macro templates in easy to digest portions. Examples progress in complexity from simple customizations to extensive major modes. You will learn how to write interactive commands, use hooks and advice, perform error recovery, manipulate windows, buffers, and keymaps, exploit and alter Emacs's main loop, and more. Each topic is explored through realistic examples and a series of successive refinements that illustrate not only the Emacs Lisp language but the development process as well, making learning pleasant and natural.
