Reznik,2015-12-03 New Jews is the first comprehensive study of American Jewish identity in Hollywood movies of the new millennium Despite the argument that we live in a post racial society with supposedly new Jewish characters emerging on the big screen this book details how traditional racial stereotypes of American Jews persist in popular films from the first decade of this century In clear and readable prose the book offers an innovative and penetrating look at dozens of American Jewish meddling matriarchs neurotic nebbishes pampered princesses and scheming scumbags from 21st century film whether Hollywood blockbusters like Meet the Fockers and Sex and the City or indie favorites like Garden State and Kissing Jessica Stein Throughout the book famous American

Jewish characters played by the likes of Jim Carrey Tom Cruise Anne Hathaway Kate Hudson Scarlett Johansson Sarah Jessica Parker Adam Sandler and Ben Stiller are discussed with the ultimate conclusion that movies today are marked less by the emergence of new Jews than by the continued but dynamic and transformed presence of the same old stereotypes

The Modern Guide to Judaism Shmuley Boteach, 2012-11-22 Does it mean nothing at all that we are spiritual beings What does one of the world's oldest religions have to say The author tackles these important issues in a freshly argued provocative book that will stir debate *Asian American Literature in Transition, 1850-1930: Volume 1* Josephine Lee, Julia H.

Lee, 2021-06-17 The years between 1850 and 1930 witnessed the first large scale migration of peoples from East Asia and South Asia to North America and the emergence of the US as an imperial power in the Pacific This period also produced the first instances of Asian North American writing theater and film This exciting collection examines how the many literary and cultural works from this period approached questions of migration exclusion and identity Covering an extensive range of topics including anticolonialist writing the erotics of queer modernist poetry interracial desire and the racial gaze in silent film the book shows the diverse and multi ethnic nature of literary and cultural production at a crucial period in modern formations of race as well as literary and cultural aesthetics *The Entourage Handbook* Lou Harry, Todd Tobias, 2008-05-06

Why should Hollywood stars be the only ones who have an entourage With the help of this fun humorous guide written in the spirit of the award winning HBO show anyone can have a posse of devoted followers Find out what the celebrities already know how to select members of your crew define their roles and responsibilities add and get rid of a person travel with the group handle the economics and even choose an heir when you're ready to move on TV and film based sidebars present clever lessons drawn from such series as Star Trek how to turn differences among the group into an asset and Seinfeld what mistakes entourages commonly make From sex and the entourage to the legalities of the entourage everything you have to learn is right here [Allied Encounters](#) Marisa Escolar, 2019-07-02 Honorable Mention for the 2019 American Association for Italian American Book Prize 20 21st Centuries Allied Encounters uniquely explores Anglo American and Italian literary cinematic and military representations of World War II Italy in order to trace critique and move beyond the gendered paradigm of redemption that has conditioned understandings of the Allied Italian encounter The arrival of the Allies global forces in an Italy torn by civil war brought together populations that had long mythologized one another yet liberation did not prove to be the happy ending touted by official rhetoric Instead of a honeymoon the Allied Italian encounter in cities such as Naples and Rome appeared to be a lurid affair where the black market reigned supreme and prostitution was the norm Informed by the historical context as well as by their respective traditions these texts become more than mirrors of the encounter or generic allegories Instead they are sites in which to explore repressed traumas that inform how the occupation unfolded and is remembered including the Holocaust the American Civil War and European colonialism as well as individual traumatic events like the massacre of the Fosse Ardeatine and the mass civilian rape near Rome by colonial soldiers
